SUBJECT: November 30, 2021 Appeal Public Hearing
Applicant: Vaishnav Sangh of USA (Amit Shah)
Appellants: Loan Windish, Raymond Windish
BZA Case #SE-21-04-008, October 7, 2021; District 5

Board of Zoning Adjustment (BZA) Case # SE-21-04-008, located at 3733 N. Dean Rd., Orlando, FL 32817, in the R-1A Single-Family Dwelling district, in District 5, is an appeal to the Board. The applicant is requesting a special exception to allow a 10,400 sq. ft. religious institution. The subject property is located on east side of N. Dean Rd., south of McCulloch Rd., north of University Blvd.

At the October 7, 2021 BZA hearing, staff recommended approval of the special exception. The BZA recommended approval of the requested special exception with six conditions of approval and with the addition of a new Condition #7, which states "Onsite lighting shall be downlit to prevent offsite spillage" on a 4-2 vote.

The appellants, Loan Windish and Raymond Windish, object to the request primarily because of traffic, lighting, drainage, landscaping buffers, security and the use being incompatible with the area.

The application for this request is subject to the requirements of Article X, Chapter 2, Orange County Code, as may be amended from time to time, which mandates the disclosure of expenditures related to the presentation of items or lobbying of items before the BCC. A copy is available upon request in the Zoning Division.

If you have any questions regarding this matter, please contact Ted Kozak, AICP at (407) 836-5537.

ZONING DIVISION PUBLIC HEARING REPORT**

November 30, 2021

The following is a public hearing on an appeal before the Board of County Commissioners on November 30, 2021 at 2:00 p.m.

APPLICANT: VAISHNAV SANGH OF USA (AMIT SHAH)

APPELLANTS: LOAN WINDISH, RAYMOND WINDISH

REQUEST: Special Exception in the R-1A zoning district to allow a 10,400 sq. ft. religious institution.

LOCATION: 3733 N. Dean Rd., Orlando, FL , east side of N. Dean Rd., south of Mcculloch Rd., north of University Blvd.

TRACT SIZE: 3.89 acres

ZONING: R-1A

DISTRICT: #5

PROPERTIES NOTIFIED: 287

BOARD OF ZONING ADJUSTMENT (BZA) HEARING SYNOPSIS ON REQUEST:

SYNOPSIS: Staff described the proposal, including the location of the property, the proposed operations, the site plan, landscape plans, floor plan, elevations, the proposed improvements and photos of the site. Staff provided an analysis of the six (6) criteria and the reasons for a recommendation for approval. Staff noted that two (2) comments were received in support and forty-seven (47) comments were received in opposition.

The applicant stated that the proposal was consistent with the surrounding area and that the owner has committed to be a good neighbor, including the provision of limited hours of operation and no exterior noise.

Six neighbors spoke in opposition to the request, citing concerns about the traffic, lighting, drainage, landscaping buffers, security and the use being incompatible with the area. They also noted that traffic along N. Dean Road over the past several years has increased and expressed a desire for additional buffering, including walls and landscaping, along the perimeter.

The BZA noted the hours of operation, the history of the site, and discussed the need for a condition for restricting the intensity of site lighting.

The BZA recommended approval of the special exception by a 4-2 vote, with one absent, subject to the six (6) conditions in the staff report, and a new Condition 7, which states "Onsite lighting shall be downlit to prevent offsite spillage."

BZA HEARING DECISION:

A motion was made by Wes A. Hodge, seconded by Juan Velez carried to recommend APPROVAL of the Special Exception request in that the Board finds it met the requirements governing Special Exceptions as spelled out in Orange County Code, Section 38-78, and that the granting of the Special Exception does not adversely affect general public interest; further, said approval is subject to the following conditions (4 in favor, 2 opposed and 1 absent):

1. Development shall be in accordance with the site plan, landscape plan and elevations dated August 20, 2021, subject to the conditions of approval, and all applicable laws, ordinances, and regulations. Any proposed non-substantial deviations, changes, or modifications will be subject to the Zoning Manager's review and approval. Any proposed substantial deviations, changes, or modifications will be subject to a public hearing before the Board of Zoning Adjustment (BZA) where the BZA makes a recommendation to the Board of County Commissioners (BCC).
2. Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.
3. Any deviation from a Code standard not specifically identified and reviewed/addressed by the Board of County Commissioners shall be resubmitted for the Board's review or the plans revised to comply with the standard.
4. A permit shall be obtained within 3 years of final action on this application by Orange County or this approval is null and void. The zoning manager may extend the time limit if proper justification is provided for such an extension.
5. Hours of operation shall be 7:30 a.m. to 7:00 p.m., daily.
6. No more than four (4) advertised outdoor special events open to the public per calendar year, and the hours of such events shall be limited from 9:00 a.m. to 9:00 p.m. The use of outdoor amplified sound and music is prohibited. All outdoor special events shall be reviewed and approved by the Orange County Fire Marshal's Office. The applicant shall submit applications/plans to the Fire Marshal's Office a minimum of 30 days prior to the date of each event.
7. Onsite lighting shall be downlit to prevent offsite spillage.

Attachment for BZA Appeal Application, page 1, Reason for the Appeal

Briefly, disagree with the decision made to recommend the Special Exception. A large number of residents that live here in the local area would be adversely impacted in many ways along this stretch of N. Dean Rd. Some other reasons (some and not all) for this request would be based on: 1) Mr. Mack A. Cope Report of Finding, Affidavit, & Qualifications; 2) documents found in the BZA website: [https://fasttrack.ocfl.net/OnlineServices/DC_BoardOfZoningAdjustment.aspx?SearchID=SE 3 \)](https://fasttrack.ocfl.net/OnlineServices/DC_BoardOfZoningAdjustment.aspx?SearchID=SE%203) documents and proceedings of the two previously held Orange County meeting & hearing; 4) attached document titled "Supporting Documentation to Deny Special Exception Recommendation".

Respectfully request that the public hearing be scheduled for a time which our Attorney Scott Simpson is available. Your cooperation on our behalf is appreciated in scheduling this hearing. Contact information for Mr. Scott Simpson is below.

Supporting Documentation to Deny Special Exception Recommendation

¹Page 1, I. General Information: Spells out what constitutes acceptance of an application and that incomplete applications will not be processed and returned to applicant.

Page 1, III. Applicant Certification: Initialed by Amit Y. Shah (guess) on 12 Jan. 2021. Did not complete the Application Certificate by identifying applicant or property owner. This is grounds for not processing the application.

Page 2, Section C., 1. What are you proposing? Applicant desires to construct a house of worship to be used for religious services.

Note: A house of worship is not contingent or dependent upon the need for a school.

Representative(s) at 23 Aug. 2021 O.C. Community meeting and an email dated Tue, Sep 7, 2021 at 10:31 AM., stated there will be no school; which is contrary to what is found on the Vaishnav Sangh of USA, Inc., of Fairfax, VA, website (<https://vaishnavsanghusa.org/>). This Corporation stated goal is to establish education centers in every state, of which a Vaishnav Sangh Academy at 5733 N. Dean Road will exist. The Corporation also uses the word Vidyapeeth which translated to English can refer to a college, a school, a center of learning. A school emblem or logo for branding the Vaishnav Sangh Academy at 5733 N. Dean Road exists. There is video labeling it to be an Academy. The BZA Staff Report, makes it a point to specify a 36 ft. by 51ft. 8 in. of a prayer area which doing the math is 1860 sq.ft. Thereby $(1860/10400)100\%=17.9\%$ of the building is meant for worship and the remaining 82.1% is ancillary to a school. With this being a school, it compromises/skews the traffic studies/reports. The BZA Report makes it a point to state that Transportation Planning noted that based upon public opposition, the widening of N. Dean Rd. was recently removed from the Long-Range (10-year) Capital Improvement Program (CIP) and will remain as a two-lane road at this time. What should have been stated (found in "5733 N. Dean Road (SE-21-04-008) Traffic Study" is:

- Dean Road continues into Seminole County to the north, Seminole County will not be widening Dean Road beyond two lanes due to resident's opposition in their area, Orange County improved the intersection of Dean Road and University Boulevard from operational standpoint. Dean Road from University Boulevard to SCL will remain a two-lane road

And traffic will be subject to change from anything that present traffic studies are at this point in time predicting once the school is in play. We on both sides of the county line that are property owners are not anxious for varying reasons to entice increase traffic into the area (in this particular instance a school will do just that) and like to preserve what brought us here to settle. We should not have our long time property rights trumped by anyone that did not precede us.

In summary, the Applicant did not propose or sought out the Special Exception for a school. Application was filled out under a false pretense.

Page 3., Section D. IMPORTANT NOTE TO ALL APPLICANTS: This Section D. brings 1)attention to letters of support, 2)to have them submitted with the application, 3)any false info are grounds for revoking any approval by BZA, and 4)BZA approval does not waive other local, state, or federal regulations.

Note: The Dear Neighbor letters of support clearly state the signatories must be the current owners of that property. Of three (3) letters of support (dated 19 & 26 Dec 2020), one is has some other name other than the owner(s) who are listed in O.C. Property Appraiser's website as being the first and only owners for approximately 33 years. This is grounds for revoking the application. Also, it is not clear how the soliciting/distribution of the Dear Neighbor letters of support took place. Were these Dear Neighbor letters mailed, did pollsters determine who got one or not? And why was the only property owners (neighbor) to the entire southern boundary of the Applicant (subject property) not get one of these letters?

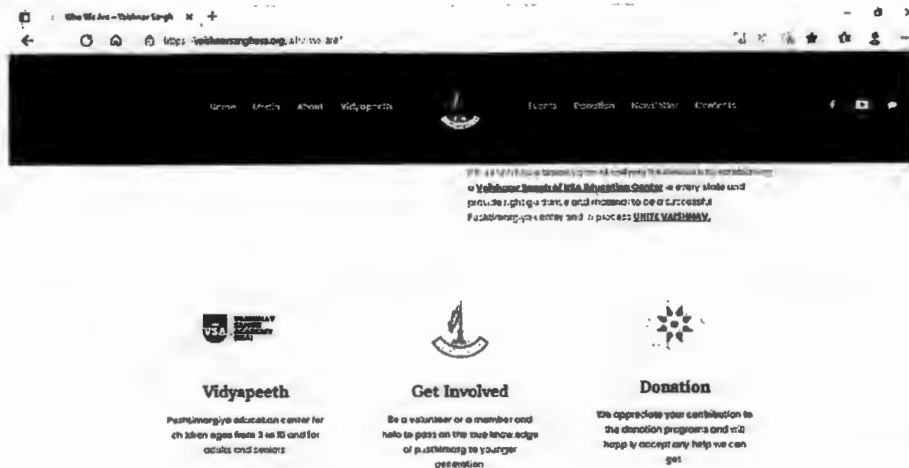

In summary, one of three letters of support (Dear Neighbor) has false information, and therefore grounds to revoke the application.

Page 4., Agent Authorization Form: For Robert Garcia, Esq., signed by Gary A. Young on 3 Dec. 2012 but notarized by personally known on 3 Dec. 2020. Dates do not agree and not a completed application and not to be processed.

2nd Page 4., Agent Authorization Form: For Amit Shah, signed by Gary A. Young on 3 Dec. 2012 but notarized by personally known on 3 Dec. 2020.

Being under contract to purchase and actually purchasing the property are two different matters. A Vacant Land Sales Contract was signed, dated 8 Oct. 2019. O.C. Property Appraiser's website shows the property sale to Vaishnav Sangh of USA, Inc., of Fairfax, VA, on 17 July 2021.

Application filled out under false pretense, supporting documentation not truthful, and therefore does not constitute a complete and truthful application.

BACKGROUND AND ANALYSIS

DESCRIPTION AND CONTEXT

The subject property is zoned R-1A, Single Family Dwelling district, which allows single family homes and associated accessory structures on lots a minimum of 7,500 sq. ft. or greater. Certain non-residential uses, such as daycares and religious institutions are permitted through the Special Exception process.

The subject property is a 3.89 acre vacant unplatted parcel, created via Lot split, LS-2003-009, that conforms to the minimum lot requirements of the zoning district.

The applicant is requesting a special exception for a 10,400 sq. ft. religious institution. The proposed 10,400 sq. ft. building will be constructed at the center of the property and will include a 36 ft. by 51'-8" prayer area, and ancillary offices, classrooms and activity area for patron usage. The proposed religious institution does not have any fixed seats, but will have a maximum of 163 patrons at any given time, with between 100 and 125 patrons at the most heavily frequented time of the day. The applicant asserts that an average of 50 patrons are expected to attend the temple, daily.

Vehicular and pedestrian access to the site will be provided from N. Dean Rd. to the west, including a sidewalk connection to the front of the building. The proposed landscape plan for the project will include existing and new canopy trees and shrubs along the north and south perimeter, and along N. Dean Rd., meeting code.

Based on the number of patrons, the project requires ninety-seven (97) parking spaces which was calculated using the code requirement of one (1) parking space per three (3) patrons for a total of one hundred (100) patrons and one (1) parking space per employee for one (1) employee. A total of 97 parking space are provided, meeting the requirement. All parking spaces will be paved.

The proposed hours of operation provided are 7:30 a.m. to 7:00 p.m., daily. Separate correspondence updated the proposed hours as stated in the submitted cover letter.

The County Environmental Protection Division (EPD), has been reviewing several identified environmental issues pertaining to wetlands and wildlife impacts with the assistance of the applicant's environmental consultants. On July 8, 2021, EPD approved a Conservation Area Determination (CAD-21-02-040) which identified Class II Conservation Areas on the site. A Conservation Area Impact (CAI) will be required prior to issuance of permits for any wetlands proposed to be impacted by the development.

The County Transportation Planning Division reviewed a traffic statement provided by the applicant's traffic

consultant and has indicated that the number of trips generated by the project are minimal in comparison with the number of trips that would be anticipated for permitted uses such as single-family residences. Further, Transportation Planning noted that based upon public opposition, the widening of N. Dean Rd. was recently removed from the Long-Range (10-year) Capital Improvement Program (CIP) and will remain as a two-lane road at this time.

On Monday, August 23, 2021, a Community Meeting was held at Colonial High School to allow for input. The meeting was attended by the applicant, County staff, and 21 attendees. 13 of the attendees spoke negatively about the proposal. Comments included concerns about the height of the building, traffic along Dean Road, future expansion of the number of patrons, drainage and rain runoff, preservation of existing mature trees, the displacement of animals from the property and endangered species, wetlands, aquifer and water quality issues, hours of operation, the number of spaces and impervious area in the parking lot and concerns about future outreach/ homeless distribution ministries.

The applicant team responded that current site development requirements dictate that all drainage must be captured onsite, the operations will have minimal impact compared with the alternative potential for the development of single-family residences, and that as many trees will be preserved as possible. The applicant reiterated that the temple intends to be a quiet, and good neighbor and will be part of the community, and they intend to meet all County performance standards. Based upon comments received at the August 23, 2021 Community Meeting, as stated previously, the applicant has conducted an environmental survey which has been reviewed by EPD staff and based upon a review of the provided information, no environmental issues have been identified.

The applicant has provided two (2) letters of no objection to the request. At the date of the writing of this report, one comment has been received in opposition to the request and no comments have been received in support of the request.

STAFF FINDINGS

SPECIAL EXCEPTION CRITERIA

Consistent with the Comprehensive Plan

The Comprehensive Plan provides that certain institutional uses as conditioned are consistent with residential Future Land Use designations through the Special Exception process, this includes religious institutions, daycares and public and private schools.

Similar and compatible with the surrounding area

The new religious building will be integrated with other site improvements, which will contain substantial new and preserved landscaping within the buffers. Furthermore, the east 60 percent portion of the property containing wetlands will be preserved. Moreover, the proposed religious building will not negatively impact the surrounding area since it will be over 35 feet from the closest single-family residential property line to the north.

Shall not act as a detrimental intrusion into a surrounding area

The proposed building will be located at the center of the property, and is over 35 feet from the nearest adjacent property line in addition to a 15 ft. wide buffer yard, and as such will not be a detrimental intrusion to the surrounding area.

Meet the performance standards of the district

The proposed use will meet the performance standards of the district.

Similar in noise, vibration, dust, odor, glare, heat generation

No activity takes place on the property that would generate noise, vibration, dust, odor, glare, or heat that is not similar to the adjacent single-family residences.

Landscape buffer yards shall be in accordance with Section 24-5 of the Orange County Code

The applicant has provided a 15 ft. wide "Type C" buffer at the north and south property lines, has preserved existing trees within the north and south buffers and within the N. Dean Rd. landscape strip, in accordance with Chapter 24 (Landscaping, Buffering and Open Space) of the Orange County Code.

CONDITIONS OF APPROVAL

1. Development shall be in accordance with the site plan, landscape plan and elevations dated August 20, 2021, subject to the conditions of approval, and all applicable laws, ordinances, and regulations. Any proposed non-substantial deviations, changes, or modifications will be subject to the Zoning Manager's review and approval. Any proposed substantial deviations, changes, or modifications will be subject to a public hearing before the Board of Zoning Adjustment (BZA) where the BZA makes a recommendation to the Board of County Commissioners (BCC).
2. Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.
3. Any deviation from a Code standard not specifically identified and reviewed/addressed by the Board of County Commissioners shall be resubmitted for the Board's review or the plans revised to comply with the standard.
4. A permit shall be obtained within 3 years of final action on this application by Orange County or this approval is null and void. The zoning manager may extend the time limit if proper justification is provided for such an extension.
5. Hours of operation shall be 7:30 a.m. to 7:00 p.m., daily.
6. No more than four (4) advertised outdoor special events open to the public per calendar year, and the hours of such events shall be limited from 9:00 a.m. to 9:00 p.m. The use of outdoor amplified sound and music is prohibited. All outdoor special events shall be reviewed and approved by the Orange County Fire Marshal's Office. The applicant shall submit applications/plans to the Fire Marshal's Office a minimum of 30 days prior to the date of each event.

**RE: Application-Board of Zoning Adjustment (Special Exception-religious)
5733 North Dean Road, Orlando, FL 32817**

To whom it may concern,

Please be advised that the undersigned counsel has the privilege of representing Vaishnav Sangh of USA, a Florida not-for-profit religious corporation as to the purchase of 5733 North Dean Road, Orlando, Florida 32817 ("Property")¹. Enclosed hereto is Applicant's executed *Application-Board of Zoning Adjudgment (BZA)* requesting a special exception to the Property which is currently zoned R-1A.

Pursuant to Section 1 of the BZA's Application (page 13), please allow this letter to serve as Applicant's detailed cover letter addressing each of the required inquiries:

- | | |
|--------------------------------------|--|
| 1. Proposal: | One story house of worship. |
| 2. Size: | 10,400 square feet |
| 3. Height: | 27 feet |
| 4. Number of buildings: | One |
| 5. Number of current members: | Approximately 100 to 125 |
| 6. Proposed building occupancy load: | 265 |
| 7. Hours of Operation: | Monday to Friday: 11 am- 1 pm; 5 pm-7 pm
Saturday & Sunday: 10 am-2 pm; 3 pm-7 pm |

Compliance with Section 38-78 Orange County Code

1. **The use shall be consistent with the comprehensive plan:** The Property which is currently zoned R1-A is consistent with low density land use as set forth in the County's Comprehensive Plan.
2. **The use shall be similar and compatible with the surrounding area and shall be consistent with the pattern of surrounding development:** The proposed one-story house of worship would be similar and compatible with the surrounding area and consistent with the pattern of surrounding development as Dean Road and the surrounding area has five (5) other religious organizations already.

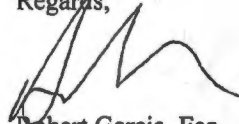

Specifically: (i) to the North of the Property at 5700 N. Dean Road, Oviedo, FL 32765 is the Christian Life Center; (ii) to the North of the Property at 3053 W. State Road 426, Oviedo, FL 32765 is East Coast Believers Church; (iii) to the South of the Property at 5873 N. Dean Road, Orlando, FL 32817 is St. Matthews Episcopal Church; (iv) to the South of the Property at 5449 Dean Road, Orlando, FL 32817 is The Church of Jesus Christ of Latter-Day Saints; and (v) to the South of the Property at 2600 Dean Road, Orlando, FL 32817 is Hope Lutheran Church.

3. **The use shall not act as a detrimental intrusion into a surrounding area:** The change in zoning to the Property would not act as a detrimental intrusion into the surrounding area as it would be consistent with the five (5) other houses of worship already located on or near Dean Road, as explained in Number 2 above. In fact, the construction of the proposed one-story house of worship would benefit the community as the subject Property is currently vacant land not being used for any purpose and collecting debris/trash from passerby's. Should a house of worship be constructed if the approved zoning is granted, the new owner would be beautifying the neighborhood by upkeeping the parcel.
4. **The use shall meet the performance standards of the district in which the use is permitted:** The proposed one-story house of worship meets the performance standards of the district as to setbacks, heights, parking, etc. Please see enclosed plans for example containing lighting, parking calculations, fencing, etc.
5. **The use shall be similar in noise, vibration, dust, odor, glare, heat producing and other characteristics that are associated with the majority of uses currently permitted in the zoning district:** Use of the Property would be similar to the noise, vibration, dust, and other characteristics associated with the majority of the uses currently permitted in the zoning district which include other religious organizations as noted above and commercial businesses on Dean Road. As set forth above, the limited hours of the proposed house of worship would not create an additional burden on the surrounding parcels. Attached to the Application are letters of support from surrounding neighbors.
6. **Landscape buffer yards shall be in accordance with section 24-5 of the Orange County Code. Buffer yard types shall track the district in which the use is permitted:** Please see enclosed landscaping legend. In the event any changes are required, please contact the undersigned as the Applicant will work with the County on said issue.
