NOTE: These requirements pertain to zoning regulations only. The lot areas and lot widths noted are based on connection to central water and wastewater. If septic tanks and/or wells are used, greater lot areas may be required. Contact the Health Department at 407-836-2600 for lot size and area requirements for use of septic tanks and/or wells.

FOOTNOTES

<i>a</i>	Setbacks shall be a minimum of 50 feet from the normal high water elevation contour on any adjacent natural surface water body and any natural or artificial extension of such water body, for any building or other principal structure. Subject to the lakeshore protection ordinance and the conservation ordinance, the minimum setbacks from the normal high water elevation contour on any adjacent natural surface water body, and any natural or artificial extension of such water body, for an accessory building, a swimming pool, swimming pool deck, a covered patio, a wood deck attached to the principal structure or accessory structure, a parking lot, or any other accessory use, shall be the same distance as the setbacks which are used per the respective zoning district requirements as measured from the normal high water elevation contour.
<i>b</i>	Side setback is 30 feet where adjacent to single-family district.
<i>c</i>	For lots platted between 4/27/93 and 3/3/97 that are less than 45 feet wide or contain less than 4,500 sq. ft. of lot area, or contain less than 1,000 square feet of living area shall be vested pursuant to Article III of this chapter and shall be considered to be conforming lots for width and/or size and/or living area.
<i>d</i>	For attached units (common fire wall and zero separation between units) the minimum duplex lot width is 80 feet and the duplex lot size is 8,000 square feet. For detached units the minimum duplex lot width is 90 feet and the duplex lot size is 9,000 square feet with a minimum separation between units of 10 feet. Fee simple interest in each half of a duplex lot may be sold, devised or transferred independently from the other half. For duplex lots that: <ul style="list-style-type: none"> (i) are either platted or lots of record existing prior to 3/3/97, and (ii) are 75 feet in width or greater, but are less than 90 feet, and (iii) have a lot size of 7,500 square feet or greater, but less than 9,000 square feet are deemed to be vested and shall be considered as conforming lots for width and/or size.
<i>e</i>	Corner lots shall be 100 [feet] on major streets (see Art. XV), 80 [feet] for all other streets.
<i>f</i>	Corner lots shall be 125 [feet] on major streets (see Art. XV), 100 [feet] for all other streets.
<i>g</i>	Corner lots shall be 150 [feet] on major streets (see Art. XV), 125 [feet] for all other streets.
<i>h</i>	For lots platted on or after 3/3/97, or unplatted parcels. For lots platted prior to 3/3/97, the following setbacks shall apply: R-1AA, 30 feet, front, 35 feet rear, R-1A, 25 feet, front, 30 feet rear, R-1, 25 feet, front, 25 feet rear, 6 feet side; R-2, 25 feet, front, 25 feet rear, 6 feet side for one (1) and two (2) dwelling units; R-3, 25 feet, front, 25 feet, rear, 6 feet side for two (2) dwelling units. Setbacks not listed in this footnote shall apply as listed in the main text of this section.
<i>j</i>	Attached units only. If units are detached, each unit shall be placed on the equivalent of a lot 45 feet in width and each unit must contain at least 1,000 square feet of living area. Each detached unit must have a separation from any other unit on site of at least 10 feet.
<i>k</i>	Maximum impervious surface ratio shall be 70%, except for townhouses, nonresidential, and mixed use development, which shall have a maximum impervious surface ratio of 80%.
<i>m</i>	Based on gross square feet.

These requirements are intended for reference only; actual requirements should be verified in the Zoning Division prior to design or construction.

BUFFER YARD REQUIREMENTS

Orange County Code Section 24-5.

Buffer yards prescribed are intended to reduce, both visually and physically, any negative impacts associated with abutting uses. Buffer yards shall be located on the outer perimeter of a lot or parcel, extending to the parcel boundary. Buffer yards shall not be located on any portion of an existing or dedicated public or private street or right-of-way.

(a) **Buffer classifications:**

- (1) **Type A, opaque buffer:** This buffer classification shall be used to separate heavy industrial (I-4 and M-1) uses from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least eight (8) feet and shall be a minimum of fifty (50) feet wide. The type A buffer shall utilize a masonry wall.
- (2) **Type B, opaque buffer:** This buffer classification shall be used to separate commercial (general and wholesale) (C-2 and C-3) and industrial (general and light) (I-2/I-3 and I-1/I-5) uses from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least six (6) feet and shall be a minimum of twenty-five (25) feet wide. The type B buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof which maintains a completely opaque buffer. This buffer must be four (4) feet high and seventy (70) percent opaque at planting and be capable of attaining full height and opacity within three (3) years.
- (3) **Type C, opaque buffer.** This buffer classification shall be used to separate neighborhood retail commercial (C-1) and industrial-restricted (I-1A) from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least six (6) feet and shall be a minimum of fifteen (15) feet wide. The type C buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof which maintains a completely opaque buffer. This buffer must be three (3) feet high and fifty (50) percent opaque at planting and be capable of attaining full height and opacity within three (3) years.
- (4) **Type D, opaque buffer:** This buffer classification shall be used to separate professional office (P-O) uses from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least six (6) feet and shall be a minimum of ten (10) feet wide. The type D buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof which maintains a completely opaque buffer. This buffer must be three (3) feet high and fifty (50) percent opaque at planting and be capable of attaining full height and opacity within three (3) years.
- (5) **Type E, mobile home and RV park buffer:** This buffer classification shall be used to separate mobile home and RV parks from all abutting uses. This buffer shall be twenty-five (25) feet wide. Where the park abuts an arterial highway, the buffer shall be fifty (50) feet wide. This buffer shall not be considered to be part of an abutting mobile home space, nor shall such buffer be used as part of the required recreation area or drainage system (ditch or canal). This buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof. This buffer must be at least five (5) feet in height and fifty (50) percent opaque within eighteen (18) months after installation.
- (6) **Type F, residential subdivision buffer:** See subdivision regulations (Chapter 34, Orange County Code).

These requirements are intended for reference only; actual requirements should be verified in the Zoning Division prior to design or construction.

CASE # RZ-22-12-132

Commission District: #3

GENERAL INFORMATION

APPLICANT: Karey T. Kazos

OWNERS: Karey T. Kazos, Jamie J. Freeman

HEARING TYPE: Planning and Zoning Commission

REQUEST: **R-1A** (Single-Family Dwelling District) to
R-1 (Single-Family Dwelling District)

LOCATION: 605 29th St; generally located on the north side of 29th Street, approximately 75 feet west of Paseo Street.

PARCEL ID NUMBER: 03-23-29-0180-56-140

SIZE/ ACREAGE: 0.61-gross acre

PUBLIC NOTIFICATION: The notification area for this public hearing was 500 feet [Chapter 30-40(c)(3a) of the Orange County Code requires 300 feet]. One hundred ten (110) notices were mailed to those property owners in the surrounding area.

COMMUNITY MEETING: A community meeting was not required for this application.

PROPOSED USE: Two (2) Single-Family dwelling units (pending a lot split approval)

STAFF RECOMMENDATION

PLANNING

Make a finding of consistency with the Comprehensive Plan and recommend Approval of the requested R-1 (Single-Family Dwelling District) zoning.

SUBJECT PROPERTY ANALYSIS

Overview

Through this request, the applicant is seeking to rezone one (1) parcel from R-1A (Single-Family Dwelling District) to R-1 (Single-Family Dwelling District) to create two (2) 60 ft-wide lots. Lot 15 has an existing single-family home which the applicant intends to keep on the property and build one (1) detached single family home on Lot 14, pending a lot split approval. Since the proof of lot of record is unavailable for this

property, a rezoning is required to allow each created lot to meet R-1 site and development standards. The requested R-1 zoning is consistent with the current Future Land Use Designation of Low-Medium Density Residential (LMDR).

The subject property, currently developed with one house, was originally platted on June 15, 1923, on the "Angebilt Addition, Continued" plat. Platted Lots 14 and 15 along with a portion of Lot 18 have been aggregated to create one developable lot. The immediate area is developed with single-family dwelling units on lots varying from sixty (60) feet in width to one hundred twenty (120) feet in width. In 2020, the property to the northwest was rezoned from R-1A to R-1 to allow 4 single-family homes on sixty (60) foot wide lots.

Land Use Compatibility

The R-1 (Single-Family Dwelling District) zoning would allow for development that is compatible with the character of the surrounding area and would not adversely impact adjacent properties.

Site Analysis

Rural Settlement

The subject property is not located within a Rural Settlement

Joint Planning Area (JPA)

The subject property is not located in a JPA.

Overlay District Ordinance

The subject property is not located within an Overlay District.

Airport Noise Zone

The subject property is not located in an Airport Noise Zone.

Code Enforcement

No cases found.

Comprehensive Plan (CP) Consistency

The underlying CP Future Land Use Map (FLUM) designation of the subject property is LMDR (Low-Medium Density Residential) which allows consideration of up to 10 units per acre. The proposed R-1 (Single-Family Dwelling District) zoning is consistent with the LMDR (Low-Medium Density Residential) FLUM designation, therefore a CP amendment is not necessary. The proposed request is consistent with the following Comprehensive Plan provisions:

FLU1.4.2 states that Orange County shall ensure that land uses changes are compatible with and serve existing neighborhoods.

FLU1.4.4 states that the disruption of residential areas by poorly located and designed commercial activities shall be avoided.

FLU8.1.1 states that the zoning and future land use correlation shall be used to determine consistency with the Future Land Use Map. Land use compatibility, the location, availability and capacity of services and facilities, market demand, and environmental features shall also be used in determining which specific zoning district is most appropriate. Density is restricted to the maximum and minimum allowed by the Future Land Use Map designation regardless of zoning.

OBJ FLU8.2 states that compatibility will continue to be the fundamental consideration in all land use and zoning decisions.

FLU8.2.1 states that land use changes shall be required to be compatible with existing development and development trend in the area. Performance restrictions and/or conditions may be placed on property through the appropriate development order to ensure compatibility. No restrictions or conditions shall be placed on a Future Land Use Map change.

FLU8.2.2 states that continuous stretches of similar housing types and density of units shall be avoided. A diverse mix of uses and housing types shall be promoted.

H1.3.8 states that in order to stabilize and improve existing neighborhoods, Orange County shall continue to support compatible infill development in existing neighborhoods where infrastructure already exists.

FLU8.2.11 states that compatibility may not necessarily be determined to be a land use that is identical to those uses that surround it. Other factors may be considered, such as the design attributes of the project, its urban form, the physical integration of a project and its function in the broader community, as well its contribution toward the Goals and Objectives in the CP. The CP shall specifically allow for such a balance of considerations to occur.

SITE DATA

Existing Use	Residential
Adjacent Zoning	N: R-1A (Single-Family Dwelling District) E: R-1A (Single-Family Dwelling District) W: R-1A (Single-Family Dwelling District) S: R-1AA (Single-Family Dwelling District)
Adjacent Land Uses	N: Single-Family Residential E: Single-Family Residential W: Single-Family Residential S: Single-Family Residential

R-1 [Single-Family Dwelling District] Development Standards

Min. Lot Area:	5,000 sq. ft.
Min. Lot Width:	50 ft.
Max. Height:	35 ft.
Min. Living Area:	1,000 sq. ft.

Building Setbacks

Front:	20 ft.
Rear:	20 ft.
Side:	5 ft.

Intent, Purpose, and Uses

Per Section 38-276 of the Orange County Code, the intent and purpose of the R-1 zoning district is to provide residential development similar in general character to the R-1AA and R-1A zoning districts, but with smaller minimum lots and yards, and a corresponding increase in population density.

Specific uses shall be identified by the letter "P" in the use table set forth in Section 38-77 of the Orange County Code.

SPECIAL INFORMATION

Staff Comments

Environmental

Erosion Control - Use caution to prevent erosion during construction along the boundary of the property, into wetlands and buffers, and into all drainage facilities and ditches. Construction will require Best Management Practices (BMPs) for erosion control. Minimize the extent of area exposed at one time, apply perimeter controls where necessary, and perform maintenance checks every seven (7) days and after every 1/2 inch rain. The construction entry area shall be designed to prevent trucks from tracking soil onto local roads and the affected storm drainage system shall be protected. This may require periodic street sweeping. Reference OC Code Chapter 34 Subdivision Regulations, Article VII Stormwater Management, Division 2 General Design Criteria, Sec. 250 Open Drainage Facilities, (g).

Demolition - Prior to demolition or construction activities associated with existing structures, provide a Notice of Asbestos Renovation or Demolition form to the Orange County Environmental Protection Division (EPD). For more information, or to determine if an exemption applies, contact the EPD Air Quality Management staff at 407-836-1400. Reference OC Code Chapter 15 Environmental Control, Article III Air Quality Control, Division 4 Asbestos requirements, Sec.108 Notification procedure and requirements, Subsection A(1)

Existing Septic and Well - If any existing septic tanks or wells are required or in use, the applicant shall notify the Florida Department of Health (FDOH) and local Water Management District, about the system permit application, modification or

abandonment prior to earthwork or construction. Permits shall be applied for and issued by the appropriate agencies. Contact the FDOH for the septic system and both FDOH and the Water Management District for wells. Refer to Orange County Code Chapter 37 Water and Wastewater, Article XVII Individual On-Site Sewage Disposal for details on Individual On-Site Sewage Disposal.

Solid Waste Disposal - Any miscellaneous garbage, hazardous waste, yard waste (including excess fertilizers, herbicides and pesticides), and construction or demolition debris shall be disposed of off-site according to the solid waste and hazardous waste regulations. Recycling of materials is encouraged if applicable. Call the Orange County Solid Waste Hotline at 407-836-6601 for information.

MSTU - Lake Holden has an established Municipal Service Taxing Unit (MSTU) for the purpose of funding lake management services. To the extent this project is part of the taxing district or benefits from Lake Holden, this project shall be required to be a participant.

Transportation / Access

Two detached single-family homes are de minimis, there is no impact on the roadway network.

Schools

No comments.

Parks and Recreation

No further comments.

Community Meeting Summary

A community meeting was not required for this request.

Utilities

Water: OUC

Wastewater: Orange County Utilities

Reclaim Water: Orange County Utilities

Detailed Utility Information:

This property is within Orange County Utilities Water, Wastewater, and Reclaimed Water Service Areas. In accordance with Orange County Code Chapter 37:

This property is within the Orlando Utilities Commission Water Service Area.

This property is within Orange County Utilities Wastewater and Reclaimed Water Service Areas. In accordance with Orange County Code Chapter 37:

Wastewater is considered not available. Development on this property will be reliant on septic tanks for wastewater disposal.

There are no reclaimed water mains within the vicinity of this property. Reclaimed water is considered not available. Connection is not required.

State of Florida Notice

Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.

Specific Project Expenditure Report and Relationship Disclosure Form

The original Specific Project Expenditure Report and Relationship Disclosure Form are currently on file with the Planning Division.

ACTION REQUESTED

Planning and Zoning Commission (PZC) Recommendation (December 15, 2022)

Make a finding of consistency with the Comprehensive Plan and recommend Approval of the requested R-1 (Single-Family Dwelling District) zoning.

PLANNING AND ZONING COMMISSION (PZC) PUBLIC HEARING SYNOPSIS

The staff report was presented to the PZC with the recommendation that they make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-1 (Single-Family Dwelling District) zoning. The applicant was present and agreed with the staff recommendation. No members of the public appeared during the public comment portion of the hearing.

Staff indicated that one hundred and ten (110) notices were sent to property owners and residents in a 500 ft radius surrounding the property, and that staff had received zero (0) responses in favor, and zero (0) responses in opposition of the request.

A motion was made by Commissioner Fernandez, and seconded by Commissioner Abdallah to recommend APPROVAL of the requested R-1 (Single-Family Dwelling District). The motion carried on a 6-1 vote with Commissioner Spears voting in opposition.

CASE # RZ-22-12-133

Commission District: #2

GENERAL INFORMATION

APPLICANT: Jason D. Newsome

OWNERS: Newsome Dayawanti, Jason D. Newsome

HEARING TYPE: Planning and Zoning Commission

REQUEST: **R-1** (Single-Family Dwelling District) to
R-CE (Country Estate District)

LOCATION: 3871 Walker Road; generally located on the east side of Walker Rd, west of Ocoee Apopka Rd, approximately 520 feet south of Valley Dr.

PARCEL ID NUMBER: 31-21-28-8952-00-421

SIZE/ ACREAGE: 2.68-gross acres

PUBLIC NOTIFICATION: The notification area for this public hearing was 500 feet [Chapter 30-40(c)(3a) of the Orange County Code requires 300 feet]. Fifty-eight (58) notices were mailed to those property owners in the surrounding area.

COMMUNITY MEETING: A community meeting was not required for this application.

PROPOSED USE: One single-family residential unit, and raising/keeping of poultry.

STAFF RECOMMENDATION

PLANNING

Make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-CE (Country Estate District) zoning.

SUBJECT PROPERTY ANALYSIS

Overview

Through this request the applicant intends to rezone from R-1 (Single-Family Dwelling District) to R-CE in order to construct one single-family residential dwelling (B2001544), and to utilize the agricultural uses permitted under the R-CE zoning classification. Proposed agricultural uses are farming and keeping/raising of no more than twelve (12) chickens for personal use only.

The subject property was platted as part of the J.B. and T.E. Walker's subdivision in 1948 as Lots 42,43, and 44. The property is located within the Paradise Heights Rural Settlement. The applicant's original request was to allow for goats and pigs, however, since the property is in a Rural Settlement, bona fide agricultural uses allowed under A-1, A-2, A-R zoning classifications such as open-air sales of farm products or the keeping or keeping of goats and pigs are not permissible for personal use. Pursuant to and consistent with policy FLU8.1.1 (general note C) and Section 38-77, Orange County Code, uses which are not common to all zoning districts consistent with Rural Settlement FLUM are not permitted in rural settlements. Therefore, the applicant's request has been reduced to just the raising and keeping of poultry in addition to one single-family home.

The immediate area is developed with detached single-family dwelling units. The subject property is located within the Wekiva Study Area, however it is not located in the Priority Focus Area and advanced septic tanks are not required. This property will be reliant on septic for wastewater disposal.

Land Use Compatibility

The R-CE (Country Estate District) zoning would allow for development that is compatible with the character of the surrounding area and would not adversely impact adjacent properties.

Site Analysis

Rural Settlement

The subject property is located within the Paradise Heights Rural Settlement

Joint Planning Area (JPA)

The subject property is located in the City of City of Ocoee JPA.

Overlay District Ordinance

The subject property is not located within an Overlay District.

Airport Noise Zone

The subject property is not located in an Airport Noise Zone.

Code Enforcement

No cases found.

Comprehensive Plan (CP) Consistency

The underlying CP Future Land Use Map (FLUM) designation of the subject property is Low Density Residential (LDR). The proposed R-CE (Country Estate District) zoning is consistent with the Low Density Residential (LDR) FLUM designation, therefore a CP amendment is not necessary. The proposed request is consistent with the following Comprehensive Plan provisions:

FLU1.4.2 states that Orange County shall ensure that land uses changes are compatible with and serve existing neighborhoods.

FLU1.4.4 states that the disruption of residential areas by poorly located and designed commercial activities shall be avoided.

FLU8.1.1 states that the zoning and future land use correlation shall be used to determine consistency with the Future Land Use Map. Land use compatibility, the location, availability and capacity of services and facilities, market demand, and environmental features shall also be used in determining which specific zoning district is most appropriate. Density is restricted to the maximum and minimum allowed by the Future Land Use Map designation regardless of zoning.

OBJ FLU8.2 states that compatibility will continue to be the fundamental consideration in all land use and zoning decisions.

FLU8.2.1 states that land use changes shall be required to be compatible with existing development and development trend in the area. Performance restrictions and/or conditions may be placed on property through the appropriate development order to ensure compatibility. No restrictions or conditions shall be placed on a Future Land Use Map change.

FLU8.2.2 states that continuous stretches of similar housing types and density of units shall be avoided. A diverse mix of uses and housing types shall be promoted.

H1.3.8 states that in order to stabilize and improve existing neighborhoods, Orange County shall continue to support compatible infill development in existing neighborhoods where infrastructure already exists.

FLU8.2.11 states that compatibility may not necessarily be determined to be a land use that is identical to those uses that surround it. Other factors may be considered, such as the design attributes of the project, its urban form, the physical integration of a project and its function in the broader community, as well its contribution toward the Goals and Objectives in the CP. The CP shall specifically allow for such a balance of considerations to occur.

** These regulations may not reflect the actual requirements for all situations; see the Orange County Zoning Code for actual regulations for site requirements for this zoning district.*

Intent, Purpose, and Uses

The purpose of the country estate district is to establish areas where very low residential densities may be maintained and where investment in homes will be protected from the adverse effects sometimes found in agricultural districts. This district is primarily residential. However, certain uses found only in agricultural districts may be permitted as special exceptions. A use shall be prohibited in the R-CE district if the space for that use is blank in the use table set forth in section 38-77.

Orange County Code Section 38-79 Condition 36 (e): The following requirements shall apply in the RCE, RCE-2 and RCE-5 zoning districts: 1. Roosters shall be prohibited; 2. All poultry shall be for domestic use only; 3. Not more than twelve (12) poultry; an amount of poultry in excess of this limit shall require a special exception.

SPECIAL INFORMATION

Staff Comments

Environmental

Wekiva Study Area - This site is located within the Wekiva Study Area, as established by the Wekiva Parkway and Protection Act, Section 369.316 F.S. Additional environmental regulations apply, but are not limited to: septic tank criteria, open space, stormwater treatment and conservation, and increased buffer widths. Reference OC Code Chapter 15 Environmental Control, Article XIII Wekiva River Protection.

Erosion Control - Use caution to prevent erosion during construction along the boundary of the property, into wetlands and buffers, and into all drainage facilities and ditches. Construction will require Best Management Practices (BMPs) for erosion control. Minimize the extent of area exposed at one time, apply perimeter controls where necessary, and perform maintenance checks every seven (7) days and after every 1/2 inch rain. The construction entry area shall be designed to prevent trucks from tracking soil onto local roads and the affected storm drainage system shall be protected. This may require periodic street sweeping. Reference OC Code Chapter 34

Subdivision Regulations, Article VII Stormwater Management, Division 2 General Design Criteria, Sec. 250 Open Drainage Facilities, (g).

Solid Waste Disposal - Any miscellaneous garbage, hazardous waste, yard waste (including excess fertilizers, herbicides and pesticides), and construction or demolition debris shall be disposed of off-site according to the solid waste and hazardous waste regulations. Recycling of materials is encouraged if applicable. The applicant should call the Orange County Solid Waste Hotline at 407-836-6601 for information.

Transportation / Access

A single-family home is de minimis, there is no impact on the roadway network.

Community Meeting Summary

A community meeting was not required for this request.

Utilities

Water: Orange County Utilities

Wastewater: Orange County Utilities

Reclaim Water: Orange County Utilities

Detailed Utility Information:

This property is within Orange County Utilities Water, Wastewater, and Reclaimed Water Service Areas. In accordance with Orange County Code Chapter 37:

This property is within Orange County Utilities Water, Wastewater, and Reclaimed Water Service Areas.

Water: There are no watermains in the vicinity of this property. Construction of a single, single family residence on this property will be reliant on wells for potable water.

Wastewater: Wastewater is considered not available. Development on this property will be reliant on septic tanks for wastewater disposal.

Reclaimed water: There are no reclaimed water mains within the vicinity of this property. Reclaimed water is considered not available. Connection is not required.

State of Florida Notice

Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals

or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.

Specific Project Expenditure Report and Relationship Disclosure Form

The original Specific Project Expenditure Report and Relationship Disclosure Form are currently on file with the Planning Division.

ACTION REQUESTED

Planning and Zoning Commission (PZC) Recommendation (December 15, 2022)

Make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-CE (Country Estate District) zoning.

PLANNING AND ZONING COMMISSION (PZC) PUBLIC HEARING SYNOPSIS

The staff report was presented to the PZC with the recommendation that they make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-CE (Country Estate District) zoning. The applicant was present and agreed with the staff recommendation. No members of the public appeared during public comment of the request.

Staff indicated that fifty-eight (58) notices were sent to property owners and residents extending beyond 500 feet surrounding the property, and that staff had received zero (0) responses in favor, and zero (0) responses in opposition of the request.

After some discussion, a motion was made by Commissioner Wiggins and seconded by Commissioner Sorbo to recommend APPROVAL of the requested R-CE (Country Estate District) zoning. The motion carried unanimously.
