----------------------	-----	---------

General Notes

- 1) Master water, wastewater and stormwater plans, including preliminary calculations, shall be approved prior to the approval of construction plans.
- 2) New billboard and pole signs are prohibited. Ground and fascia signs shall comply with Chapter 31.5.
- 3) A Conservation Area Determination (K01-0394) was completed for the subject property.
- 4) Decks, not docks, shall be permitted on Spring Lake. Approval of this plan does not constitute approval of a permit for the installation of a boat dock, boardwalk, observation pier, fishing pier, community pier, or any other similar permanently fixed structure. Any structures that are proposed to be constructed on the property shall first apply for a permit prior to the installation, as specified in Orange County Code Chapter 15, Article IX-Dock Construction. Application shall be made to the Orange County Environmental Protection Division.
- 5) No unimproved land on Spring Lake.
- 6) Lighting shall comply with the Orange County Lighting Ordinance (2003-08).
- 7) Landscaping shall comply with Chapter 24.
- 8) Stormwater Management Areas will continue to handle stormwater from developed sites to the south.
- 9) In accordance with Section 38-1227, any variations from county code minimum standards represented on this plan that have not been expressly approved by the BCC are deemed to be in compliance with Orange County Code and the requirements of the local VMD.
- 10) Existing stormwater easements shall be removed.

LAND USE CONVERSION TABLE				
LAND USE	TRIPS	1,000 SF OFFICE	1 MULTI-FAMILY UNIT	1,000 SF COMMERCIAL
OFFICE	3.48/1,000 SF	-	172 SF	2,167 SF
MULTI-FAMILY	0.80/DU	5.8 DU	-	12.6 DU
COMMERCIAL	7.54/1,000 SF	462 SF	80 SF	

* If required to change trip rates, approved land use criteria shall remain the same and total number of trips will be adjusted accordingly as a non-substantial change.

Orange County Code Waiver Requests

1. A waiver from Section 38-1258(a) is requested to allow a building height of eighty-five (85) feet and five (5) stories to be located within twenty-five (25) feet of single family residential in lieu of single story in height for multi-family buildings located within one hundred (100) feet of single-family zoned property.
2. A waiver from Section 38-1258(b) is requested to allow a maximum building height of eighty-five (85) feet and five (5) stories for 100% of the multi-family buildings located between one hundred (100) feet and one hundred fifty (150) feet from single family residential in height, in lieu of heights with a maximum of 50% of the multi-family buildings being a maximum of three (3) stories and forty (40) feet and the remaining buildings being one (1) or two (2) stories.
3. A waiver from Section 38-1258(c) is requested to allow a maximum building height of eighty-five (85) feet and five (5) stories for multi-family buildings located within one hundred and fifty (150) feet in lieu of three (3) stories forty (40) feet in height.

4. A waiver from Section 38-125(b) is requested to allow a maximum building height of eighty-five (85) feet and 5 (5) stories in lieu of forty (40) feet and three (3) stories for multi-family residential.
Justification (waivers 1-4): The project is being developed identical to The Rialto PD development to the south. The additional height is needed to match the existing multi-family development.
5. A waiver from Section 38-125(b) is requested to allow paved areas for multi-family development be located seven (7) feet from any single family zoned property in lieu of twenty-five (25) feet.
Justification: The proposed paving area adjacent to Toscana is specifically for fire department access only.
6. A waiver from Section 38-125(b) is requested to require no wall when multi-family development is located adjacent to any single family zoned property.
Justification: The existing Toscana development includes a wall along the northern boundary of lot 3 of the Majorca PD, and therefore an additional wall is not needed.
