Over the summer the Youth and Family Services Division has been examining the possibility of piloting a residential program on Human Trafficking out of the Juvenile Addition Receiving Facility (JARF) that was vacated by Aspire at the Juvenile Assessment Center last year.

A presentation will be provided to the Board of County Commissioners outlining the services, cost and options open to the county if such a program is made available to the victims of human trafficking in Orange County.

Should you have questions or need additional information, please contact me at extension 6-7643.

ACTION REQUESTED: Approval to fund the pilot Residential Human Trafficking Program. The estimated budget for the pilot program is \$850,000. (Youth and Family Services Division)
