Dear Mayor Jacobs and Board of County Commissioners,

Although I personally do not want to see more rural lands developed, I agree with the LMJ Alliance that if this land will be developed, it must not directly impact our Rural Settlement.

I believe that the legal agreement between the LMJ Alliance and Tavistock will help protect our community from potential impacts of water and traffic, and will allow for more input as the LMJ Alliance will review plans to maintain the wildlife corridors and crossings.

With this agreement now in place, I am willing to support the plans for Sunbridge.

Sincerely,

Steven Fuller

Dear Mayor Jacobs and Board of County Commissioners,

The LMJ Alliance Board & the developer Tavistock (and reviewed by Deseret) have approved the legal agreement to help protect the LMJ Rural Settlement during any development of the Sunbridge project. Hopefully it will also allow LMJ Alliance to review plans and allow for some input as deemed necessary, Although we do not want to see more rural lands developed, we agree with the LMJ Alliance, and hope that the legal agreement will help protect our water supply, wells, wildlife corridors and abate any further traffic impeding into our neighborhood.

With this agreement now in place, we are willing to support the plans for Sunbridge.

Sincerely,

Greetings - As an Isle of Pines Rural Development resident, it really hurts to see developers encroaching on the precious land that is left untouched when there are so many empty buildings that could be refurbished and used. With that being said, I personally do not want to see more rural lands developed, I am in agreement with the LMJ Alliance that if this land is developed, it must not directly impact our Rural Settlement. I believe that the LMJ Alliance and Tavistock have reached a legal agreement that will protect our community from potential impacts of water and traffic, and will allow for more input as the LMJ Alliance will review plans to maintain the wildlife corridors and crossings. The sad part is that there is a lot of wild life and they do not understand new buildings and roads. This is a great concern.

With this agreement in place, I am willing to support the plans for Sunbridge.

Best regards,  
Donna J. Spencer

Dear Mayor Jacobs and Commissioners,

It is my understanding that Tavistock Development will be coming before the Board tomorrow to advance its plans for the development of the Sunbridge projects.

The Lake Mary Jane Alliance Board and the developer Tavistock have recently approved a legal agreement designed to help protect the LMJ Rural settlement from the environmental and traffic impacts of the proposed development of the Sunbridge community and the Sunbridge Parkway, and provide for further input from the LMJ Alliance with regards to maintaining the wildlife corridors and crossings.

With this agreement in place to protect the natural beauty of our Rural Settlement, I am in support of the Tunbridge development.

This morning, as I watch the egrets settle upon the still, quiet waters of Lake Mary Jane, I am grateful to reside in this oasis apart from the traffic and clamor of modern development, and offer my sincere thanks for your efforts to see that neighborhoods like this are preserved in our beautiful county.

Most sincerely,

Pamela Dawes

Mayor Jacobs and Board of County Commissioners,

Good day.

Although we personally do not want to see more rural lands developed, we agree with the LMJ Alliance that if this land will be developed, it must not directly impact our Rural Settlement. We understand the legal agreement between the LMJ Alliance and Tavistock will help protect our community from potential impacts of water and traffic. In addition, we understand the legal agreement will allow for further input by the LMJ Alliance with respect to plans for wildlife corridors and crossings. With this agreement now in place, I am willing to support the plans for Sunbridge.

Dear Mayor Jacobs and Orange County Commissioners,

The Lake Mary Jane Alliance, which represents the interests of property owners in Orange County's Lake Mary Jane Rural Settlement, has signed a legal agreement with The Tavistock Group that protects our unique rural environment from impacts due to high traffic volume and other potential adverse factors arising from the proposed development of Sunbridge, and the Sunbridge Parkway running from Osceola County north up into Orange County.

My wife, Pamela Dawes, and I believe this agreement between the Alliance and Tavistock, which was negotiated in good faith over the last year and reviewed by Deseret, is the best possible binding way to ensure that our community's unique way of life and natural resources, including water and wildlife, are protected in the years to come.

Now that the agreement has been finalized and signed by the Lake Mary Jane Alliance and The Tavistock Group, we fully support the county's approval of the Sunbridge development, consistent with the protections and obligations defined in the agreement.

Very respectfully,

s/James B. Leahy Jr.

I have lived in the Lake Mary Jane rural community for 28 years and do not want to see any more rural lands developed. However, I now approve the plans for Sunbridge because of the legal agreement between the LMJ Alliance and Tavistock. Our concerns about traffic on Lake Mary Jane Road, our water and out wildlife corridors have been answered by this agreement.

Thank you.

Acknowledging that development in our rural lands is inevitable, at least because of this agreement, we are willing to support the plans for Sunbridge, largely because of Tavistock's willingness to solicit our involvement, viewpoints & their professional courtesy in acceding to our reasonable requests.

Good evening.

Although our family does not want to see more rural lands developed, we do agree with the LMJ Alliance that if the Sunbridge land will be developed, it cannot have a direct affect on our Rural Settlement. We think the legal agreement between the LMJ Alliance and Tavistock will help protect our neighborhoods from the possible negative impacts of water and traffic that a huge neighborhood like Sunbridge could produce. This agreement also will allow for more input as the LMJ Alliance will review plans to care for the wildlife corridors and crossings.

With this agreement finally in place, we are willing to support the plans for Sunbridge.

Thank you.

**Subject:** We Support the LMJA Legal Agreement for Sunbridge

Dear Mayor Jacobs and Commissioners,

We don't believe the Sunbridge development should be approved because we disagree with the idea that more rural lands should be developed. This is not smart growth, it's more sprawl and on a huge scale. We think the density is too great for our area and until such time as existing homeowners can actually sell their homes in Orange County we don't believe that it's in the best interest of current residents and voters to approve more homes. As of October 31st, there were more than 10,000 existing homes for sale in Orange County not including foreclosures.

We do agree with the LMJ Alliance that if this land will be developed, it must not have a direct impact our Rural Settlement. We believe that the legal agreement between the LMJ Alliance and Tavistock will help to protect our area from the potential impacts of water and traffic and will allow for more community input as the LMJ Alliance will review plans to maintain the wildlife corridors and crossings.

We believe the legal agreement is a great idea and a good first step, but we cannot support the plans for Sunbridge as presented. There is no demand for these homes. Like Sustany, it's too much too soon.

Sincerely,
