SUBJECT: February 21, 2017 – Work Session  
Pedicab Ordinance

Over the past year, staff has been working with I-Drive area stakeholders to develop an ordinance regulating pedicabs within the I-Drive district. On August 23, 2016, a Work Session was held with the Board to provide an overview of current conditions, best practices, preliminary draft ordinance provisions, administrative considerations that were under discussion and to discuss the next steps. Since that time, staff has engaged extensively with pedicab owners and operators for their feedback and conducted a public meeting on this topic.

Staff will provide a comprehensive presentation updating the Board on the Pedicab Ordinance for informational purposes only. No action is requested of the Board at this time.
