## **Planning Considerations**

#### **Meeting Citizen's Expectations for Facility**

- No longer just a facility to assist with the management of rabies and the stray & nuisance animal population as it was originally designed
- Must be a full service adoption & animal care center
- Needs to be a fully air-conditioned modern facility with medical grade enhancements for disease control that is bright, open, and inviting
- Existing facility is nearing the end of its useful life

## Planning Considerations

#### **Location Options**

- One new facility located on a new piece of property (7 acre minimum)
- Two new facilities located on two new pieces of property (5 acre minimum)
- One new facility located on the existing campus

#### **Orange County Animal Services**

- Population 1.3M
- Area 1,003 Square Miles
- Housing for 150 200 Dog Kennels
- Housing for 175 225 Cat Capacity
- Clinic for shelter residents
- Preliminary Housing numbers being formulated based on history

#### **Reviewed Location Options**

- Difficult to re-locate
  - Not compatible with surrounding uses
  - -Limits search to Industrial or remote areas
- Not efficient to split services between multiple campuses
  - Causes a duplication of services
- Evaluated existing location

#### **Current Location**

- Ideal to stay on existing campus
- Discussions are ongoing to relocate the Pet Alliance
- If necessary a new building could be built in phases

#### **Current Location**

- Shopping traffic increases visitors
- Provides high volume of quality adoption candidates
- Centrally located
- Easy access to I-4 and John Young Parkway

#### Based on analysis of Current & Future Needs

- 50,000 SF to 70,000 SF Shelter including clinic, cat kennels and dog kennels, offices, and exercise areas
- Convenient Parking Lot/Parking Deck if necessary
- Construction Cost estimated at \$365/SF
- Estimate cost of \$25M \$35M for a Modern Animal
   Services Shelter including soft costs & equipment
