ORDER SUSPENDING FLORIDA POWER & LIGHT'S PETITION FOR APPROVAL OF A
NEW OPTIONAL PILOT LED STREETLIGHT TARIFF

BY THE COMMISSION:

On December 16, 2016, Florida Power and Light Company (FPL) filed a petition for approval of a new optional pilot LED Streetlight Tariff (LT-1) and accompanying LED Streetlight Agreement (LT-1 Agreement). The term of the proposed pilot program is three years, from 2017-2019, and the program will begin in the southern portion of FPL's service territory (Miami-Dade and Collier counties) and then expand northward over a 24-month period. This petition is consistent with FPL's 2016 rate case settlement which permits the filing of optional tariffs.¹ We have jurisdiction over this matter pursuant to Sections 366.03, 366.04, 366.05, and 366.06, Florida Statutes (F.S.).

Pursuant to Section 366.06(3), F.S., we may withhold consent to the operation of all or any portion of the new rate schedules, delivering to the utility requesting such a change, a reason, or written statement of a good cause for doing so within 60 days. Commission staff requires additional time to review the petition and gather all pertinent information in order to present us with an informed recommendation on the tariff proposals. We find this reason is good cause to suspend the tariffs consistent with the requirement of Section 366.06(3), F.S.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Florida Power & Light Company's proposed optional pilot LED streetlight tariff (LT-1) and accompanying LT-1 agreement are suspended pending further review. It is further
