SUBJECT: May 9, 2017 – Discussion Agenda Item
Orange County's New Insurance Service Office
Public Protection Classification Rating

Orange County Fire Rescue has been working diligently over the past few years to implement necessary changes that would improve the County's Insurance Service Office (ISO) Public Protection Classification rating. Recently, we underwent an exhaustive evaluation of the fire department, water supply, emergency communications center, and community risk reduction efforts, and are proud to announce that we have received a new ISO rating that will benefit all of Orange County.

Representatives from the ISO will make a presentation on the new Public Protection Classification rating.

This presentation is for informational purposes only and no Board action is required.
