

June 3, 2017

To: Mayor of Orange County and the County Commissioners

We are residents of the Rural Settlement (for the last 20 years).

We are writing to oppose the proposed zoning change on the property on Kirby Smith Road and Narcoossee requested by the ReThink Life Church.

The road on Kirby Smith will not handle the additional traffic. Please deny the change request.

Shaun and Kerri Murray

12310 Kirby Smith Road

*Kerri Murray*  
*Shaun Murray*

*Vote No!*

TO COUNTY COMMISSIONER..... Thompson  
TO MAYOR Teresa Jacobs

SUBJECT .....AMENDMENT 2017-1-5-4-1  
MEETING.....JUNE 6, 2017

Due to health issues I am unable to attend meeting.  
Kirby Smith Road is in a RURALSETTLEMENT...  
Kirby Smith Road is a TWO LANE ROAD.....

THIS IS NOT THE LOCATION FOR A MEGA CHURCH.  
Both County Staff and Zoning have denied.

THANK YOU FOR DENING THIS REQUEST.

Sincerely Yours

Mary L. Gill

12918 Kirby Smith Road

Orlando, Florida

RE: Amendment 2017-1-S-4-1,

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

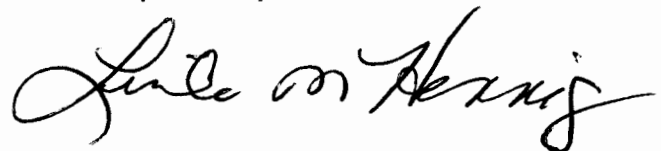

I am a longtime resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my **opposition to Amendment 2017-1-S-4-1**, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 square feet of religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes which was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill and the rural residential homes along the lake.

Approval of this amendment sets a terrible precedent for our Rural Settlement and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it? **Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to **DENY** this request.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Linda M. Hennig", written in a cursive style.

To: Orange County Board of county Commissioners

Mayor and County Commissioners

We live at 13289 Kirby Smith Road, in the rural Settlement. We are opposed to the application for a zoning change to the property at the corner of Narcoossee and Kirby Smith to allow a mega church to build in that location.

It is clear that the traffic generated by such a change would overwhelm the streets in the immediate vicinity.

Please vote to reject the application.

The image shows two handwritten signatures in black ink. The signature on the left is 'Lloyd' and the signature on the right is 'Roma Murray'. Both are written in a cursive, flowing style.

Lloyd and Roma Murray

June 2, 2017

Dear Mayor Jacobs and Orange County Commissioners:

Nearly 3 years ago, I became a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. A lot of research and thought went into the purchase of our home given the proposed and rapid development along the Narcoossee Corridor. Decisions were made based on the already approved Lake Barton Planned Development which was set up to buffer our rural neighborhood from the heavily traveled and commercialized Narcoossee Road and provided an acceptable and approved soft transition of family home sites.

**I am writing to you to state my opposition to Amendment 2017-1-S-4-1**, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 square feet of religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes. **Any use other than the previously approved residential is not appropriate for this site.**

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake and rural way of life. It is also unfair and disheartening for current residents to continue fighting against inappropriate proposed land uses when an acceptable plan for the site is already in place.

I am unable to attend the BCC meeting, however I ask that you uphold the wishes of the residents and the recommendation of the County Staff and Planning and Zoning Commission and **vote for DENIAL of this request.**

Sincerely,

A handwritten signature in black ink, reading "Andreea B. Reyes". The signature is fluid and cursive, with the first name "Andreea" being more prominent and the last name "Reyes" following in a similar style.

Andreea Reyes

12995 Broleman Road, Orlando, FL 32832

6/4/17

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am opposed to Amendment 2017-1-S-4-1 for Rethink Life Church. I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4.

The currently approved plan that was previously agreed to for this site allows for 14 single family homes and I am opposed to any use other than low density residential property for this site. This planned use development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protections to our lakes and rural settlement. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. I have strong concerns about the traffic, activity levels, and noise that this type of facility will produce.

I will be at the meeting Tuesday June 6<sup>th</sup>, 2017 to ask that you accept staff and Planning and Zoning recommendations as well as neighborhood requests to deny this amendment.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Caroline L. Bias", with a stylized flourish at the end.

June 3, 2017

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement, District 4. I am OPPOSED to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017. Please DENY this zoning change.

The residents of the rural settlement want to keep the settlement rural. We do not want more traffic, more congestion nor the displacement of all the wildlife. Any large building is not compatible with the planned development. Please protect our Rural Settlement from this development intrusion and vote to DENY on June 6.

Any use other than residential is not appropriate for this site. The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I ask that you support their recommendation and vote to DENY this request.

Thank you,

A handwritten signature in cursive script, appearing to read "Kristie Nakamoto".

I have lived in the Lake Whippoorwill Hart Rural Settlement for 40 years.

The county has designated these areas in order to preserve, in some small part, a portion of the land from the ravages of development. Yet year after year our elected officials have allowed them to be chipped away bit by bit. It is time for this to STOP!!

The residents of the Rural Settlement have worked with the county for decades regarding the transition from commercial to rural along the Narcoossee Rd corridor. We have already given up huge parcels of land to development.

Now you are being asked to approve the building of a MEGA Church in a rural area.

There are many places in the 'Lake Nona' area where this would perhaps work but this is NOT one of them.

The already nightmarish traffic would be even worse.

The wildlife will once again be forced out of natural areas and denied access to the waters of the lake.

Noise and light pollution will be made even worse.

This land should remain residential.

An institution of this size is not appropriate in this setting and I beg you to follow the recommendations of County Staff and the Planning and Zoning Commission and DENY this request.

Thanks! Julie E. Robers

Orlando, FL. 32832

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey,  
Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and  
Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

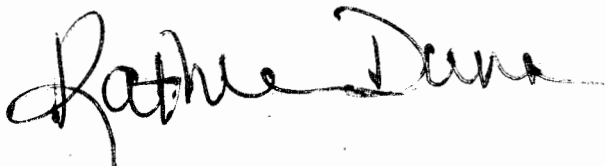

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Kathy & Michael Dunn

12444 Kirby Smith Rd.

Orlando, FL 32832

Orlando, FL 32832

June 3, 2017

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement, District 4. I am OPPOSED to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017. Please DENY this zoning change.

Please protect our Rural Settlement from this development intrusion and vote to DENY on June 6. This area is intended to be rural. We do not want more traffic, more congestion nor the displacement of all the wildlife.

Any use other than residential is not appropriate for this site. The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I ask that you support their recommendation and also vote to DENY this request.

Thank you,

A handwritten signature in black ink that reads "Troy Nakamoto". The signature is written in a cursive, flowing style.

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017. This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.  
Respectfully Submitted,

Name: Annette and Paul Pike  
Address: 12134 Betty Ann Dr.

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

**This is our home**, and we moved to the rural settlement because of promises to protect the land and adhere to prior agreed-upon planned development.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

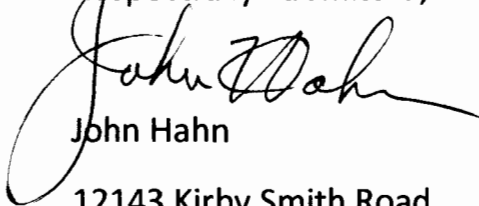

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

I am very concerned that there continue to be efforts to change what has been set aside and agreed to in prior situations. Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

**Mrs. Maryam  
Hasan**

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

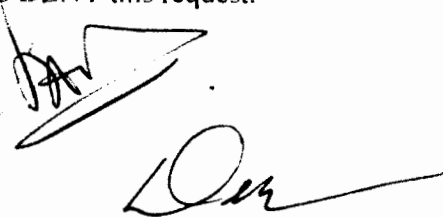

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. A religious institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of non-residential institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Susan Kirby".

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siolin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

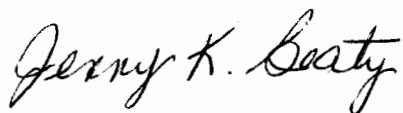

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

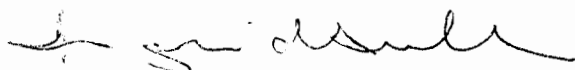

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. A religious institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of non-residential institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Name: Bruce Shubler

Address: 4712 Myrtle Creek Lane

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey,  
Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and  
Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

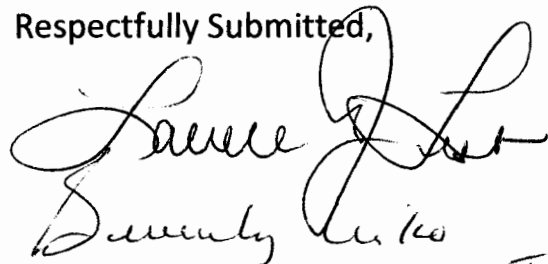

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

City, State, Zip: Orlando, FL 32832

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. A religious institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of non-residential institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Name: Andrew Piercy

Address: 10038 Autumn Creek Lane

City, State, Zip: Orlando, FL 32832

4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which  
is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft  
religious institutional space on Rural Settlement lands. The currently approved  
planned development for this site allows for 14 single family homes.

This development was designed to provide a transition from the commercial use  
along Narcoossee Road, and the existing established residential areas bordering  
the site on three sides. The 9 acres in this planned development was set aside to  
remain as rural settlement lands to further protect Lake Whippoorwill, and the  
rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and  
further erodes the protection to our lake. It also undermines the Narcoossee  
Road Corridor Overlay agreement between the City of Orlando and Orange  
County. How can we expect the City of Orlando to follow the agreement if Orange  
County chooses to selectively enforce it?

**Any use other than single-family residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend  
DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I  
ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Name: *Susan and Robert Jones*

Address: *10250 Mallard Landings Way*

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Hi Lisa!

We would like to add our voice to thinking that the rezoning of Kirby Smith Road is a bad idea. The infrastructure in place (which cannot be expanded) is not sufficient for the additional traffic the new building will bring

Please allow this email serve to add our vote against it?

We hope it can. Thanks for your help

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am opposed to Amendment 2017-1-S-4-1 for Rethink Life Church. I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4.

The currently approved plan that was previously agreed to for this site allows for 14 single family homes and I am opposed to any use other than low density residential property for this site. This planned use development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protections to our lakes and rural settlement. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. I have strong concerns about the traffic, activity levels, and noise that this type of facility will produce.

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Adding 90,000 sqft of religious institutional use is a significant increase in density that is not compatible with established residential uses.

Any use other than residential is not appropriate for this site.

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6th, and I ask that you support their recommendation and vote to DENY this request.  
Respectfully Submitted,

Danielle & Carlo Tullo

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Stratford Pointe Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. This expansion would directly impact both entrances into our community due to its location on Kirby-Smith Road. Additional impacts from noise and lighting create an incompatible environment with our residential neighborhood.

My community worked with the County Staff and property owner during the Planned Development process in 2010. It is incredibly frustrating that our input, and the County Commission's prior approval, can be thrown out to allow a much higher intensity development.

The approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of religious institutional use is a significant increase in density that is not compatible with established residential uses.

Any use other than residential is not appropriate for this site.

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6th, and I ask that you support their recommendation and vote to DENY this request. Respectfully Submitted,

Altagracia Polanco

Dear Mayor Jacobs, Commissioners Thompson, Vanderley, Nelson, Clarke, Bonilla and Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sq ft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. A facility of this size is not compatible with the rural nature of our community and would adversely affect our residential neighborhood and set a terrible precedent for our Rural Settlement.

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to remain as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

Please help us protect our neighborhood by voting to DENY this Amendment on June 6, 2017.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Peggy Rider". The signature is written in black ink and is positioned below the "Respectfully Submitted," text.

June 2, 2017

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the Lake Whippoorwill Hart Rural Settlement located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. The currently approved planned development for this site allows for 14 single family homes.

This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. The 9 acres in this planned development was set aside to **remain** as rural settlement lands to further protect Lake Whippoorwill, and the rural residential homes along the lake.

In addition to encroachment on rural settlement, the residents have already compromised with the Lake Barton PD and the Gator's Dockside restaurant and reduced the rural settlement requirement of 1 home per 2 acres, to 1 home per acre. Again, we have already compromised on this. Asking for further encroachment and compromise is unfair to the residents that live in the rural settlement area. Enough is enough.

Furthermore, the infrastructure of Kirby Smith, a two-lane residential road cannot handle the burden and load that would be placed upon it by such a large facility. During their peak demands which will occur throughout the week, it will essentially block and obstruct the flow of traffic on Kirby Smith, the only rural road that serves many of the homes and neighborhoods beyond the proposed project. The only entrance to this facility is a single entrance of Kirby Smith, which may be accessed by 300 vehicles at any point in time. Even more, if you consider multiple services on a single day.

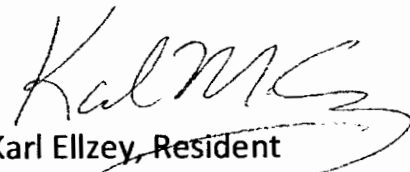

Approval of this request sets a terrible precedent for our Rural Settlement, and further erodes the protection to our lake. It also undermines the Narcoossee Road Corridor Overlay agreement between the City of Orlando and Orange County. How can we expect the City of Orlando to follow the agreement if Orange County chooses to selectively enforce it?

**Any use other than single-family residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend **DENIAL of this request.**

I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to **DENY** this request.

Respectfully Submitted,

Karl Ellzey, Resident

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft religious institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. A religious institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of non-residential institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

*Susan McLaughlin*

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

**Any use other than residential is not appropriate for this site.**

City, State, Zip: Orlando, FL 32832

Dear Mayor Jacobs, Commissioner Thompson, Commissioner VanderLey, Commissioner Nelson, Commissioner Clarke, Commissioner Bonilla, and Commissioner Siplin:

I am a resident of the North Shore at Lake Hart Community located in District 4. I am writing to you to state my opposition to Amendment 2017-1-S-4-1, which is scheduled to be heard by the Board of County Commissioners on June 6, 2017.

This amendment proposes to expand the Urban Service Area to add 90,000 sqft institutional space on Rural Settlement lands. This expansion would directly impact the south entrance into our community due to its location on Kirby-Smith Road.

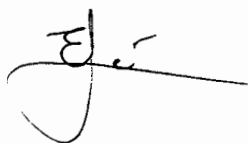

My community has already experienced significant increases in traffic due to the opening of Walmart and Sam's Club. We've had an increase in incidents between pedestrians/cyclists and vehicles since the opening as well. An institution of this size would draw from a large area throughout the County, and would compound the frequency and severity of these incidents.

The currently approved planned development for this site allows for 14 single family homes. This development was designed to provide a transition from the commercial use along Narcoossee Road, and the existing established residential areas bordering the site on three sides. Adding 90,000 sqft of institutional use is a significant increase in density that is not compatible with established residential uses.

★ Any use other than residential is not appropriate for this site. ★

The County Staff and the Planning and Zoning Commission both recommend DENIAL of this request. I am unable to attend the BCC meeting on June 6<sup>th</sup>, and I ask that you support their recommendation and vote to DENY this request.

Respectfully Submitted,

Name: Teresa & Michael D'Amelio

Address: 9921 Marsh Pointe

**Flag Status:** Completed

Dear Mayor & County Commissioners,

I am a resident of the Lake Mary Jane Rural Settlement and I encourage you to deny the proposed land use changes requested by ReThink Life Church. I don't think it's appropriate to build a mega-church complex in a rural area, both due to the traffic headaches it could create as well as the development of land that was specifically zoned as a buffer to the neighboring rural settlement. Those of us who bought property in rural developments typically pay a premium to buy them and then pay high(er) property taxes because we like the rural community lifestyle. Rezoning hurts those residents in direct proximity to this development and sends a message to everyone else that their rural community is not safe from urban sprawl either. Any use other than low density residential is not appropriate at this site.

Sincerely,  
Cabot Nunlist

This land use change and the massive impacts this will cause is just not compatible with the surrounding quiet low density residential communities and would cause safety concerns - especially with the potential cut through traffic by Moss Park Elementary School in the North Shore community.

I am opposed to allowing ReThink Life Church or any other type of institutional or commercial use in this location.

Please vote to DENY this requested change, and protect our community.

Sincerely,  
Doug Calvin

**Subject:** Deny Rethink Life - keep land low impact residential

Dear Mayor & County Commissioners,

I am a resident of the Lake Mary Jane Rural Settlement and I encourage you to Deny the proposed land use changes requested by ReThink Life Church.

This development is not compatible with the existing established residential development that borders this site on 3 sides. This land was specifically planned as a buffer to the rural settlement. Any use other than low density residential is not appropriate at this site.

Sincerely,  
Theresa Smith
