

## Interoffice Memorandum

**DATE:** June 19, 2017

**TO:** Mayor Teresa Jacobs  
-AND-  
Board of County Commissioners

**FROM:** Jon V. Weiss, P.E., Director  
Community, Environmental and Development  
Services Department

**CONTACT PERSON:** John Smogor, Chairman  
Development Review Committee  
Planning Division  
(407) 836-5616

**SUBJECT:** July 11, 2017 – Public Hearing  
Eric Warren, Poulos & Bennett, LLC  
Springhill PD / Springhill Phases 1B-2, 1B-3, 1B-4, and 1B-5  
PSP Case # PSP-16-09-318 / District 1

This Preliminary Subdivision Plan (PSP) is a request to subdivide and construct 156 single-family detached dwelling units and 64 single-family attached dwelling units on 69.2 acres.

The request also includes the following waivers from Orange County Code:

1. A waiver is requested from Section 34-152(c) to allow lots 191-222 and lots 374-381 to front a new, park or open space, etc., in lieu of the 20 foot access to a dedicated public paved street. Legal access to these lots will be through an ingress/egress easement and/or alley tract.
2. A waiver is requested from Section 38-1382(h)(4) to allow alley tracts in lieu of easements.
3. A waiver is requested from Section 38-1384(g)(2) to allow alley tracts in lieu of easements.
4. A waiver is requested from Section 38-1384(i) to allow alley tracts in lieu of easements.
5. A waiver is requested from Section 38-1388(e)(6) to allow alley tracts in lieu of easements.

The application for this request is subject to the requirements of Article X, Chapter 2, Orange County Code, as may be amended from time to time, which mandates the disclosure of expenditures related to the presentation of items or lobbying of items before the BCC. A copy will be available upon request to the DRC Office.

Supporting documentation for this request can be accessed through the County's FastTrack site, located at:

[https://fasttrack.ocfl.net/OnlineServices/DC\\_DevelopmentReviewCommittee.aspx](https://fasttrack.ocfl.net/OnlineServices/DC_DevelopmentReviewCommittee.aspx)

**ACTION REQUESTED:**    **Make a finding of consistency with the Comprehensive Plan (CP) and approve the Springhill PD / Springhill Phases 1B-2, 1B-3, 1B-4, and 1B-5 Preliminary Subdivision Plan (PSP) dated "Received April 26, 2017", subject to the conditions of approval listed under the DRC Recommendation in the Staff Report. Commission District # 1

**1. REQUEST**

This Preliminary Subdivision Plan (PSP) is a request to subdivide and construct 156 single-family detached dwelling units and 64 single-family attached dwelling units on 69.2 acres.

The request also includes the following waivers from Orange County Code:

1. A waiver is requested from Section 34-152(c) to allow lots 191-222 and lots 374-381 to front a mew, park or open space, etc., in lieu of the 20 foot access to a dedicated public paved street. Legal access to these lots will be through an ingress/egress easement and/or alley tract.
2. A waiver is requested from Section 38-1382(h)(4) to allow alley tracts in lieu of easements.
3. A waiver is requested from Section 38-1384(g)(2) to allow alley tracts in lieu of easements.
4. A waiver is requested from Section 38-1384(i) to allow alley tracts in lieu of easements.
5. A waiver is requested from Section 38-1388(e)(6) to allow alley tracts in lieu of easements.

K. Fire Station: 32 - 14932 E. Orange Lake Blvd.

L. Transportation: Avalon Road (CR 545): A Village H Horizon West Road Network Agreement for C.R. 545 among Orange County and Signatory Owners was approved by the Board of County Commissioners on 2/12/2013 and recorded at OR Book/Page 10525/6172. The Agreement provides for the dedication of right-of-way, design, engineering, permitting, mitigation and construction of C.R. 545 to four lanes in four phases according to specific trip allocations and performance thresholds. Concurrency Vesting shall be provided pursuant to Table 1 based on achieved thresholds of the road improvements. Conveyance shall be by general warranty deed at no cost to the County prior to each phase of roadway construction. The Owners will receive Road Impact Fee Credits in Road Impact Fee Zone 4 for the lesser of (a) 95% of the actual, reasonable unreimbursed sums incurred by Signatory Owners for permitting, design, mitigation, inspection and construction expense exclusive of enhanced landscaping and street lighting or (b) 60% of the countywide average total cost of road construction per lane mile. This agreement was negotiated based on the approved Horizon West Global Road Term Sheet.

Avalon Road (CR 545): First Amendment to Village H Horizon West Road Network Agreement ("Spring Grove") was approved by the BCC on December 16, 2014 and recorded at OR Book/Page 10851/0626. Under the terms of the First Amendment, a portion of the Zanzibar property is removed from the area covered under the Village H Road Network Agreement. This portion lies within the Town Center rather than within Village H and was included in the original Agreement in error.

Avalon Road (CR 545): Village H Road Network Second Amendment was approved by the BCC on January 27, 2105 and recorded at OR Book/Page 10870/7689. Under the terms of the Second Amendment, Performance Threshold 2 and Performance Threshold 3 in Section 6 are amended to revise the timing of the Participating Owners' obligations under the Performance Thresholds as shown in the revised Table 1.

To demonstrate concurrency entitlements have been met for this project the developer must provide an Assignment of Vested Trips document concurrent with or prior to Preliminary Subdivision approval submittal, and obtaining a building permit. In addition, the Preliminary Subdivision Plan and each subsequent Development Plan must show a legend with trip allocations

### **3. COMPREHENSIVE PLAN**

The property's Future Land Use Map (FLUM) designation is Village (V) (Horizon West – Garden Home District / Village Home District / Estate District / Townhome District) within the Village H SAP of Horizon West. The request is consistent with the Comprehensive Plan.

### **4. ZONING**

PD (Planned Development District) (Springhill PD)

### **5. REQUESTED ACTION:**

Approval subject to the following conditions:

1. Development shall conform to the Spring Hill PD Land Use Plan; Orange County Board of County Commissioners (BCC) approvals; Spring Hill Phase 1B-2, 1B-3, 1B-4 & 1B-5 Preliminary Subdivision Plan dated "Received April 26, 2017," and to the conditions of approval listed below. Development based upon this approval shall comply with all applicable federal, state, and county laws, ordinances, and regulations, which are incorporated herein by reference, except to the extent any applicable county laws, ordinances, or regulations are expressly waived or modified by these conditions, or by action approved by the BCC, or by action of the BCC. In the event of a conflict or inconsistency between a condition of approval of this preliminary subdivision plan and the preliminary subdivision plan dated "Received April 26, 2017," the condition of approval shall control to the extent of such conflict or inconsistency.

2. This project shall comply with, adhere to, and not deviate from or otherwise conflict with any verbal or written promise or representation made by the applicant (or authorized agent) to the Board of County Commissioners ("Board") at the public hearing where this development received final approval, where such promise or representation, whether oral or written, was relied upon by the Board in approving the development, could have reasonably been expected to have been relied upon by the Board in approving the development, or could have reasonably induced or otherwise influenced the Board to approve the development. In the event any such promise or representation is not complied with or adhered to, or the project deviates from or otherwise conflicts with such promise or representation, the County may withhold (or postpone issuance of) development permits and / or postpone the recording of (or refuse to record) the plat for the project. For purposes of this condition, a "promise" or "representation" shall be deemed to have been made to the Board by the applicant (or authorized agent) if it was expressly made to the Board at a public hearing where the development was considered and approved.
3. Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.
4. Developer / Applicant has a continuing obligation and responsibility from the date of approval of this preliminary plan to promptly disclose to the County any changes in ownership, encumbrances, or other matters of record affecting the property that is subject to the plan, and to resolve any issues that may be identified by the County as a result of any such changes. Developer / Applicant acknowledges and understands that any such changes are solely the Developer's / Applicant's obligation and responsibility to disclose and resolve, and that the Developer's / Applicant's failure to disclose and resolve any such changes to the satisfaction of the County may result in the County not issuing (or delaying issuance of) development permits, not recording (or delaying recording of) a plat for the property, or both.
5. Property that is required to be dedicated or otherwise conveyed to Orange County (by plat or other means) shall be free and clear of all encumbrances, except as may be acceptable to County and consistent with the anticipated use. Owner / Developer shall provide, at no cost to County, any and all easements required for approval of a project or necessary for relocation of existing easements, including any existing facilities, and shall be responsible for the full costs of any such relocation prior to Orange County's acceptance of the conveyance. Any encumbrances that are discovered after approval of a PD Land Use Plan shall be the responsibility of Owner / Developer to release and relocate, at no cost to County, prior to County's acceptance of conveyance. As

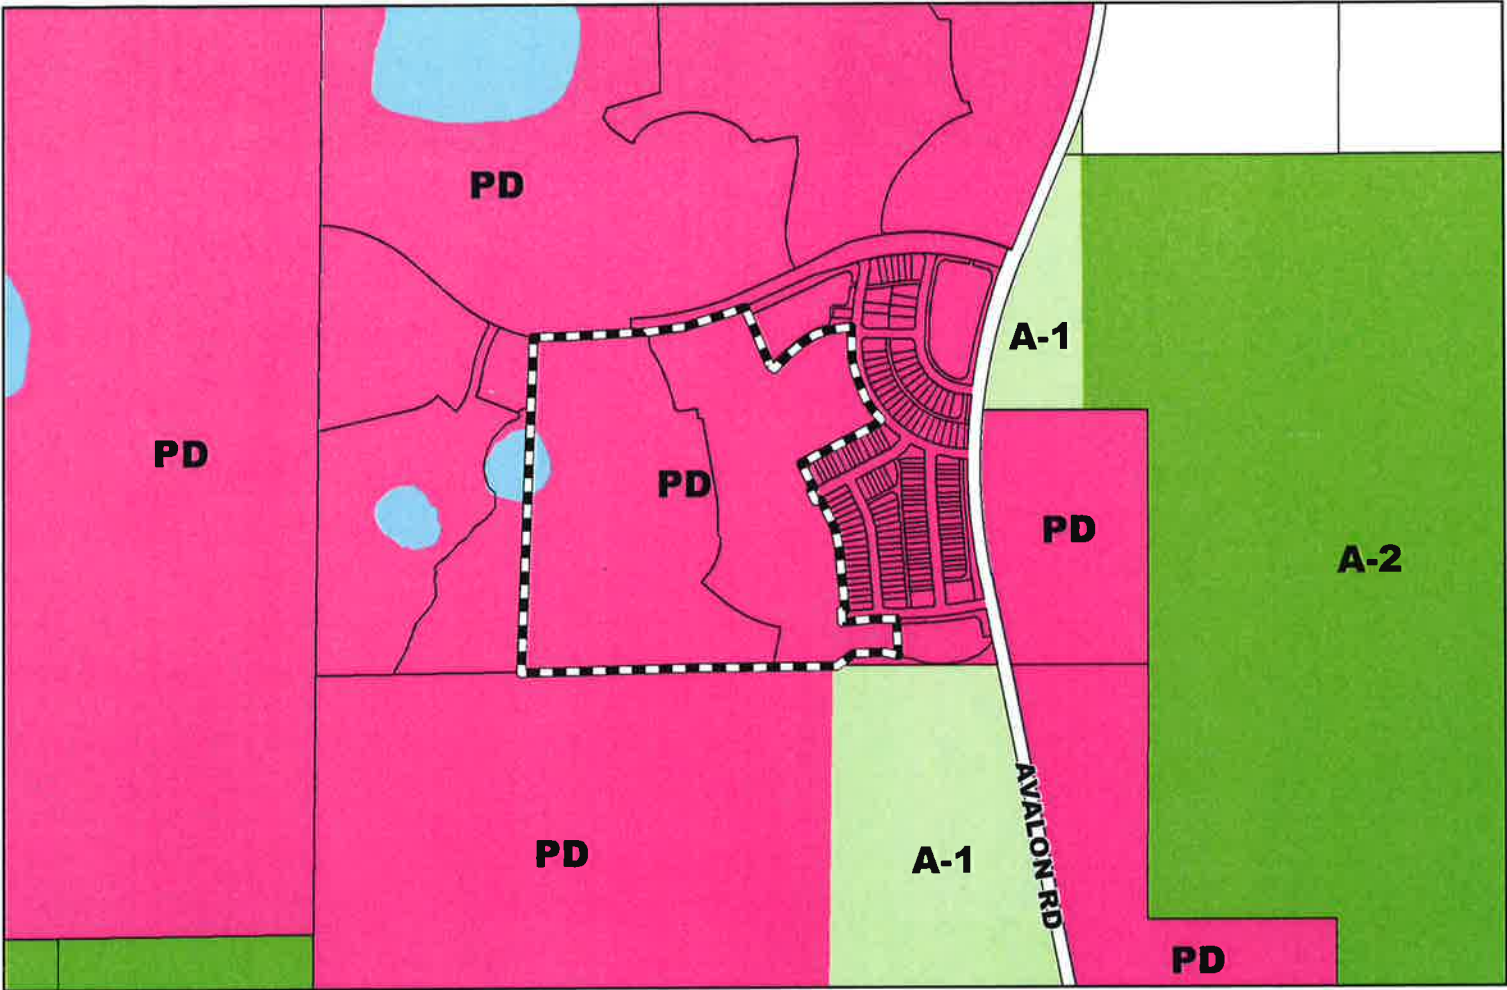

part of the review process for construction plan approval(s), any required off-site easements identified by County must be conveyed to County prior to any such approval, or at a later date as determined by County. Any failure to comply with this condition may result in the withholding of development permits and plat approval(s).

6. A current Phase One Environmental Site Assessment (ESA) and current title opinion shall be submitted to the County for review as part of any Construction Plan submittal and must be approved prior to Construction Plan approval for any streets and/or tracts anticipated to be dedicated to the County and/or to the perpetual use of the public.
7. A Municipal Service Benefit Unit (MSBU) shall be established for the standard operation and maintenance of street lighting inventory including leasing, fuel, and energy costs for this project. Street lighting fixtures, poles, and luminaries used in this project shall be selected from the approved inventory list supplied by the Orange County Comptroller. Street lighting fixtures, poles, and luminaries used in this project shall be supplied and installed by the utility company that services the area of the project, as authorized by law or agreement, and thereafter maintains the street lighting inventory. The developer shall obtain approval of the street lighting fixtures, poles, and luminaries from the Orange County Comptroller Special Assessments Department via a "Letter of Commitment" prior to the installation of the street lighting fixtures, poles, and luminaries and prior to the plat being recorded by Orange County Comptroller Official Records section. All installation costs and street lighting operational costs prior to the effective date of the MSBU approval by the Orange County Board of County Commissioners shall be the sole responsibility of the developer.
8. A mandatory pre-application/sufficiency review meeting for the plat shall be required prior to plat submittal, but after approval of the site construction plans. The applicant shall resolve, to the County's satisfaction, all items identified in the pre-application/ sufficiency review meeting prior to formal submittal of the plat to the County.
9. The stormwater management system shall be designed to retain the 100-year/24-hour storm event onsite, unless documentation with supporting calculations is submitted which demonstrates that a positive outfall is available. If the applicant can show the existence of a positive outfall for the subject basin, then in lieu of designing for the 100-year/24-hour storm event, the developer shall comply with all applicable state and local stormwater requirements and regulations. An emergency high water relief outfall shall be provided to assure overflow does not cause flooding of surrounding areas.
10. Roads and drainage system(s), including any retention pond(s), will be owned and maintained by Orange County with a Municipal Service Benefit Unit (MSBU) established for stormwater system functionality. Routine maintenance, if not provided by the Homeowners' Association, shall be the responsibility of the County.

11. As proof of satisfaction of the project's transportation concurrency obligations, and in compliance with that certain Village H.Road Network Agreement recorded at O.R. Book 10525, Page 6172, Public Records of Orange County, Florida, the developer must provide a valid Assignment of Vested Trips document together with the applicable Confirmation Letter issued by Orange County, concurrently with or prior to Preliminary Subdivision Plan/Development Plan submittal. In addition, the Preliminary Subdivision Plan and each subsequent Development Plan must show a legend with trip allocations by parcel identification number and phase of the development.
12. Prior to or concurrently with the County's approval of the plat, documentation shall be provided from Orange County Public Schools that this project is in compliance with the Capacity Enhancement Agreement. Unless the property is otherwise vested or exempt, the applicant shall be subject to school concurrency and required to go through the review process prior to platting.
13. Prior to commencement of any earth work or construction, if one acre or more of land will be disturbed, the developer shall provide a copy of the completed National Pollutant Discharge Elimination System (NPDES) Notice of Intent (NOI) form for stormwater discharge from construction activities to the Orange County Environmental Protection Division, NPDES Administrator. The original NOI form shall be sent to the Florida Department of Environmental Protection by the developer.
14. Unless a Conservation Area Impact (CAI) permit is approved by Orange County consistent with Orange County Code Chapter 15, Article X, "Wetland Conservation Areas", prior to Construction Plan approval, no conservation area or buffer encroachments shall be permitted. Approval of this plan does not authorize any direct or indirect conservation area impacts.
15. The site shall be stabilized following grubbing, clearing, earth work or mass grading to establish a dense stand of grass, or shall incorporate other approved Best Management Practices, on all disturbed areas if development does not begin within 7 days. Final stabilization shall achieve a minimum of seventy percent (70%) coverage of the disturbed land area and shall include a maintenance program to ensure minimum coverage survival and overall site stabilization until site development. Prior to clearing or grubbing, or approval of mass grading or constructions plans a letter of credit or cash escrow acceptable to the County shall be submitted to guarantee the required site stabilization and maintenance of all disturbed areas. The County Engineer shall establish the amount of the letter of credit or cash escrow.
16. Where public gravity main will be located within alleyways, the distance from garage to garage shall be a minimum of 38 feet. To meet this requirement, the rear setback for Lots labeled 216 to 222 and 374 to 381 on the PSP shall be a minimum of 9 feet from the property line (19 feet from centerline of the alley) based on the alley configuration shown in the PSP.

17. The plat and the Conditions, Covenants, and Restrictions (CC&Rs) for this project shall notify homeowners of the following: Homeowners own and maintain their individual water and reclaimed water services which extend to their homes from public water meters located adjacent to public road right-of-way. The privately-owned water and reclaimed water services for the Lots numbered 191 to 222 and 374 to 381 on the PSP extend to these units through HOA-owned tracts. The owners of these lots shall be granted access to HOA-owned tracts for the purpose of maintaining their water services.
18. At least thirty (30) days prior to construction plan submittal, the applicant shall submit a Master Utility Plan (MUP) for the PSP, including hydraulically dependent parcels outside the PSP boundaries; such MUP shall include supporting calculations showing that the PSP-level MUP is consistent with the approved MUP for the Village, or shall include an update to the Village MUP to incorporate any revisions. The MUP(s) must be approved prior to construction plan approval.
19. All home designs/types proposed for this PSP shall be submitted to the County for setback & architectural review a minimum of 90 days prior to model home requests and/or permitting.
20. New streets which are an extension of or in alignment with existing streets shall bear the same name as that borne by such existing streets.
21. Pole signs and billboards shall be prohibited. Ground and fascia signs shall comply with Chapter 31.5 of the Orange County Code.
22. The lot grading plan for 32'-foot wide lots (and similar narrow lots) shall include design features to ensure positive drainage from the side yard to the front roadway or rear alley. These design features may include:
  - a. A/C units on same side of homes so that A/C units are not located adjacent to each other;
  - b. A/C units on same side placed at high elevation point of side yard so that drainage flows away from the A/C units to the front roadway or rear alley;
  - c. A/C units located behind the home when the garage is detached from the home with courtyard; and/or
  - d. Other lot grading plan features approved by the County Engineer.
23. A waiver from Orange County Code Section 34-152(c) is granted to allow lots 191-222 and lots 374-381 to front a mew, park or open space, etc., in lieu of the 20 foot access to a dedicated public paved street. Legal access to these lots will be through an ingress/egress easement and/or alley tract.

- 24. A waiver from Orange County Code Section 38-1382(h)(4) is granted to allow alley tracts in lieu of easements.
- 25. A waiver from Orange County Code Section 38-1384(g)(2) is granted to allow alley tracts in lieu of easements.
- 26. A waiver from Orange County Code Section 38-1384(i) is granted to allow alley tracts in lieu of easements.
- 27. A waiver from Orange County Code Section 38-1388(e)(6) is granted to allow alley tracts in lieu of easements.
