

Interoffice Memorandum

June 29, 2017

TO: Mayor Teresa Jacobs
and Board of County Commissioners

FROM: Mark V. Massaro, P. E., Director, Public Works Department

CONTACT PERSON: Christine Lofye, Acting Manager
Traffic Engineering Division

PHONE NUMBER: (407) 836-7890

SUBJ: **Establishment of an All-Way "Stop" Condition at the Intersection of Tanja King Boulevard and Honey Locust Drive/Peppervine Drive**

At the request of the District 4 Commissioner, the Traffic Engineering staff has evaluated the need for an all-way "Stop" condition at the intersection of Tanja King Boulevard and Honey Locust Drive/Peppervine Drive.

A study by the Traffic Engineering Division determined that traffic patterns have changed since the opening of the new Avalon Park Community Center. This intersection was found to meet the minimum 8-hour traffic volumes required for installation of an all-way stop condition.

Staff recommends that the Board approve the installation of an all-way "Stop" condition at the intersection of Tanja King Boulevard and Honey Locust Drive/Peppervine Drive.

Action Requested: Approval to install an All-Way "Stop" condition at the intersection of Tanja King Boulevard and Honey Locust Drive/Peppervine Drive. District 4.
