SUBJECT: August 29, 2017 – Work Session Item
Public Boat Ramps

On August 29, 2017, the Parks and Recreation Division will make a presentation to the Board regarding commercial use of public boat ramps in Orange County. The division operates 11 boat ramp facilities throughout the County.

There are a variety of entities conducting private business at the County's public boat ramps. Staff will provide an overview of the businesses and review current rules and regulations regarding business operations in County parks. Staff will also outline recent concerns such operations present, as well as options intended to ensure public access and mitigate liability.

This work session item is intended to seek Board direction regarding commercial use of public boat ramps, only; no formal action is required.
