SUBJECT: September 12, 2017 — Work Session Item
Rural Residential Enclaves Small Area Study

Pursuant to the Mayor's direction, this Board work session is the first of two during the month of September devoted to the pending Rural Residential Enclaves Small Area Study. During this work session, the Planning Division presentation will cover the history and purpose of the Rural Residential Enclaves Small Area Study, and highlight the affected aspects of the Comprehensive Plan and Zoning Code.

The second work session will be held on September 19, 2017, and will address the more specific challenges within each rural enclave; the current draft of the Standards and Guidelines; and potential options for enhanced public outreach, engagement, and communication.

As a work session, resident input is normally limited to the morning Public Comment period; however, Commissioners VanderLey, Clarke and Bonilla were asked by the Mayor to meet with staff to identify scheduled spokespersons for each of the four Rural Enclaves in order to provide limited input at the conclusion of the work session.

This presentation is for informational purposes, only. No action is being requested.
