SUBJECT: Consultant Selection, Request for Proposals Y17-1088-LC, Short Term Residential Shelter Program for Adult Victims of Human Trafficking

RECOMMENDATION:

Selection of one firm and an alternate to provide Short Term Residential Shelter Program for Adult Victims of Human Trafficking, Request for Proposals Y17-1088-LC, from the following firms listed alphabetically:

Aspire Health Partners, Inc.
JV's Foundation Corp

Further request authority for the Procurement Division to negotiate and execute a 6-month contract within a budget amount of \$375,000, renewable for two additional 1-year terms, within an annual budget amount of \$750,000. Proposals were evaluated by the Procurement Committee on June 28, 2017. Commissioner Emily Bonilla was assigned to the Procurement Committee.

PURPOSE:

To provide emergency services and short term residential shelter care for adult female domestic trafficking victims 24 hours a day, 7 days a week. While acceptable plans cannot be limited to hotline services and call-forwarding systems, response plans shall include coordination with the National Human Trafficking Resource.

DISCUSSION:

This is a 6-month pilot program and based on the measured outcomes could transition into a year round program. A short term residential shelter program is envisioned to meet the basic needs of adult female human trafficking victims in a safe, stable transitional living environment, as well as to provide a point-of-entry to the continuum of community care.

To be eligible for services, victims/survivors must be residents or otherwise have been victimized or arrested in Orange County, Florida. The service provider shall provide crisis intervention services in a safe and stable environment where they can be engaged in services toward recovery while more permanent safe and stable housing can be secured.

The service provider shall provide all residents entering the program a thorough assessment that addresses the multiple needs of the targeted population to include mental health, substance abuse, housing, education and benefits. The service provider shall engage community partners to both provide services on site and link to existing resources within the community. These services include housing, substance abuse assessment and treatment, mental health screening and therapy, employability services, legal services, counseling, and health screening and medical care.

A protest was filed by JV's Foundation Corp and was heard by the Protest Committee on August 4, 2017. The Protest Committee unanimously confirmed the initial scoring.

The Procurement Committee evaluated the proposals against the stated criteria.

Attached are the consensus scores.
