IMPACT ANALYSIS

Special Information

The Village F Master PD is located within the Village F Special Planning Area (SPA) of Horizon West in southwest Orange County, and was originally approved on September 15, 2009. The existing PD development program consists of 3,245 residential dwelling units, 240,000 square feet of non-residential activity, two elementary schools, one high school and other Adequate Public Facilities (APF).

Through this PD Change Determination Request (CDR), the applicant is seeking to increase the residential unit count in PD Parcel S-19 (Village Home District) from 118 to 140 units and PD Parcel S-20 (Garden Home District) from 59 to 72, or an overall PD residential increase of 35 units. The resulting density within the affected Districts is also consistent with acceptable density range outlined in Orange County Code Chapter 30, Section 30-727 (Transfer of Development Rights in the Village Land Use Classification).

The existing and proposed development program for the affected parcels is described in the chart below:

	Existing	Proposed	Change
PD Parcel / District	Residential Units	Residential Units	Residential Units
S-19 / Village Home	118	140	+22
S-20 / Garden Home	59	72	+13
Total:	177	212	+35

Land Use Compatibility

The proposed PD substantial change would not adversely impact any adjacent properties or result in an incompatible land use pattern.

ACTION REQUESTED

Development Review Committee (DRC) Recommendation – (June 28, 2017)

Make a finding of consistency with the Comprehensive Plan (CP) and approve the substantial change to the Village F Master Planned Development / Land Use Plan (PD/LUP) dated “Received June 19, 2017”, subject to the following conditions:

1. Development shall conform to the Village F Master Planned Development / Land Use Plan dated "Received June 19, 2017" and shall comply with all applicable federal, state, and county laws, ordinances, and regulations, except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. Accordingly, the Village F Master PD may be developed in accordance with the uses, densities, and intensities described in such Land Use Plan, subject to those uses, densities, and intensities conforming with the restrictions and requirements found in the conditions of approval and complying with all applicable federal, state, and county laws, ordinances, and regulations, except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. If the development is unable to achieve or obtain desired uses, densities, or intensities, the County is not under any obligation to grant any waivers or modifications to enable the developer to achieve or obtain those desired uses, densities, or intensities. In the event of a conflict or inconsistency between a condition of approval and the land use plan dated "Received June 19, 2017" the condition of approval shall control to the extent of such conflict or inconsistency.
2. This project shall comply with, adhere to, and not deviate from or otherwise conflict with any verbal or written promise or representation made by the applicant (or authorized agent) to the Board of County Commissioners (“Board”) at the public hearing where this development received final approval, where such promise or

representation, whether oral or written, was relied upon by the Board in approving the development, could have reasonably been expected to have been relied upon by the Board in approving the development, or could have reasonably induced or otherwise influenced the Board to approve the development. In the event any such promise or representation is not complied with or adhered to, or the project deviates from or otherwise conflicts with such promise or representation, the County may withhold (or postpone issuance of) development permits and / or postpone the recording of (or refuse to record) the plat for the project. For purposes of this condition, a "promise" or "representation" shall be deemed to have been made to the Board by the applicant (or authorized agent) if it was expressly made to the Board at a public hearing where the development was considered and approved.

3. Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.
4. Developer / Applicant has a continuing obligation and responsibility from the date of approval of this land use plan to promptly disclose to the County any changes in ownership, encumbrances, or other matters of record affecting the property that is subject to the plan, and to resolve any issues that may be identified by the County as a result of any such changes. Developer / Applicant acknowledges and understands that any such changes are solely the Developer's / Applicant's obligation and responsibility to disclose and resolve, and that the Developer's / Applicant's failure to disclose and resolve any such changes to the satisfaction of the County may result in the County not issuing (or delaying issuance of) development permits, not recording (or delaying recording of) a plat for the property, or both.
5. Property that is required to be dedicated or otherwise conveyed to Orange County (by plat or other means) shall be free and clear of all encumbrances, except as may be acceptable to County and consistent with the anticipated use. Owner / Developer shall provide, at no cost to County, any and all easements required for approval of a project or necessary for relocation of existing easements, including any existing facilities, and shall be responsible for the full costs of any such relocation prior to Orange County's acceptance of the conveyance. Any encumbrances that are discovered after approval of a PD Land Use Plan shall be the responsibility of Owner / Developer to release and relocate, at no cost to County, prior to County's acceptance of conveyance. As part of the review process for construction plan approval(s), any required off-site easements identified by County must be conveyed to County prior to any such approval, or at a later date as determined by County. Any failure to comply with this condition may result in the withholding of development permits and plat approval(s).
6. Construction plans within this PD shall be consistent with an approved and up-to-date Master Utility Plan (MUP). MUP updates shall be submitted to Orange County

Utilities at least thirty (30) days prior to the corresponding construction plan submittal. The updated MUP must be approved prior to construction plan approval.
