SUBJECT: October 31, 2017 – First Public Hearing  
Medical Marijuana Ordinance (Allow Dispensaries)

On July 18, 2017, staff presented the Board of County Commissioners (Board) with a work session on medical marijuana. At the conclusion of that work session, the Board asked staff to prepare two different ordinances for its consideration: one banning medical marijuana dispensing within unincorporated Orange County and one allowing it. Both ordinances would allow cultivating and processing of marijuana. On October 31, 2017, at 2:00 p.m. the Board will hold the first of two public hearings for each of those ordinances. The Zoning Division is requesting consideration of both ordinances to update the County's land development regulations as it relates to medical marijuana treatment centers and, specifically, whether the Board wants to allow dispensing facilities within unincorporated Orange County. The second set of public hearings is scheduled for November 14, 2017, at 5:01 p.m.

Both of the proposed ordinances would provide a definition section and both would allow cultivating and processing of medical marijuana in A-1 and A-2 zoning districts, and I-2/I-3, and I-4 zoning districts, respectively. Cultivating and processing would be permitted subject to the following requirements:

- Valid state license
- Receipt of appropriate building/use permit
- Meeting a 500 feet distance separation from schools
- Complying with state-approved security measures
- Appropriate inspections to determine compliance

The difference between the two proposed ordinances involves dispensing of medical marijuana. One ordinance would prohibit dispensing facilities entirely within unincorporated Orange County. The other ordinance would allow dispensing facilities within unincorporated Orange County subject to the following requirements:

- Valid state license
- Receipt of appropriate building/use permit
- Meeting a 500 feet distance separation from schools
- Complying with state-approved security measures
- Appropriate inspections to determine compliance
- Prohibition on sale of non-medical marijuana, alcohol, drug paraphernalia, illicit drug-related products, and on the dispensing of medical marijuana in the waiting area of a dispensing facility
- Meeting the appropriate parking requirements
- Adequate seating for patients and invitees so as to avoid loitering
- Only dispense between the hours of 7:00 am to 9:00 pm
- State-approved signage that meets the County's Code requirements as well as any applicable Planned Development requirements

Staff will provide a presentation outlining the significant portions of each ordinance.

On October 19, 2017, the Planning and Zoning Commission/Local Planning Agency (PZC/LPA) held public hearings on each of the ordinances. With regard to the ordinance allowing dispensing facilities within unincorporated Orange County, the PZC / LPA made a finding of inconsistency with the Comprehensive Plan and recommended denial. With regard to the ordinance banning dispensing facilities within unincorporated Orange County, the PZC / LPA made a finding of consistency with the Comprehensive Plan and recommended approval.

Also, the PZC / LPA recommended that Orange County's legislative delegation request that the Florida Legislature provide greater home rule authority to local governments in the statutory language dealing with medical marijuana treatment centers (i.e. Section 381.986, Florida Statutes 2017). Additionally, should the BCC choose to adopt the ordinance banning dispensing facilities within unincorporated Orange County (as the PZC / LPA has recommended), the PZC / LPA recommended that the ban be reconsidered after the next legislative session. Attached is a copy of the draft ordinance dated October 19, 2017 that allows medical marijuana dispensaries.

**ACTION REQUESTED: Board direction on the October 19, 2017, draft ordinances to be heard again at the final adoption public hearings on November 14, 2017, at 5:01 p.m. All Districts**
