SUBJECT: October 31, 2017 – Consent Item

Since 1977, Orange County has partnered with other fire agencies to jointly sponsor and participate in firefighting, emergency medical and emergency management training. In 2005, this partnership was formalized in an Interlocal Agreement establishing the Central Florida Fire Consortium. Today, the Consortium is comprised of multiple county and city fire agencies and its training facility is located at 2966 W. Oakridge Road, Orlando, FL 32809.

Under the terms of the agreement, participants pay an annual fee for use of the training facility with unique capabilities including a "Burn Building", a four story training tower and liquid petroleum gas fire training. The Consortium also offers various training programs at a reduced rate. The membership cost to Orange County for FY 2017-2018 is \$123,149.40.

**Action Requested:**

**Approval of payment of the FY 2017-2018 annual fee associated with the Interlocal Agreement between Orange County and the Central Florida Fire Consortium in the amount of \$123,149.40 for membership services.**

Dear Board Member,

Budget time is upon us. In order to calculate next year's membership dues, please indicate the number of **certified firefighters and/or fire inspectors** you anticipate having on staff October 1, 2017. I am asking for realistically anticipated staffing levels for October 1 in order to more accurately calculate membership dues.

If you have members that are fire inspectors only (and not fire fighters), you are asked to include them in as well, since they receive the same reduced course fee benefit as our firefighter members.

Please provide the requested information below, sign and return this to me no later than August 17, 2017. My address is below. Email is fine as well.
