community under proceedings as provided in F.S. § 125.66(4).  
200

202 These distance separations shall not apply to  
vendors of beer and wine containing alcohol of more than one (1)  
204 percent by weight for consumption off the premises only.

206 (b) No place of business that in any manner sells or  
dispenses alcohol for on-premises consumption shall be  
208 established within two hundred (200) feet of an adult entertainment  
establishment, as defined in section 38-1.

210 (c) Distance from such a place of business to a  
religious institution, school, or adult entertainment establishment  
212 shall be measured by following the shortest route of ordinary  
pedestrian travel along the public thoroughfare from the main  
214 entrance of the place of business to the main entrance door of the  
religious institution, the main entrance door of the school (except  
216 as may be otherwise provided by applicable state law), or the main  
entrance door of the adult entertainment establishment.  
218 Notwithstanding the foregoing, the distance from a package sale  
220 vendor's location to a school shall be measured by following the  
shortest route of ordinary pedestrian travel along the public

222 thoroughfare from the main entrance of the place of business to  
223 any entrance to the school property that is used by students.

224 (d) The location of all existing places of business  
225 subject to this section shall not in any manner be impaired by this  
226 section, and the distance limitation provided in this section shall  
227 not impair any existing licensed location heretofore issued to and  
228 held by any such vendor nor shall such vendor's right of renewal  
229 be impaired by this section; provided, however, that the location of  
230 any such existing license shall not be transferred to a new location  
231 in violation of this section.

232 (e) *Distance requirements not applied to renewal,*  
233 *change in name or ownership, or change in certain licenses.* The  
234 distance requirements set forth above in subsections (a) and (b)  
235 shall not be applied to the location of an existing vendor when  
236 there is:

- 237 (1) A renewal of an existing license;
- 238 (2) A transfer in ownership of an existing  
239 license;
- 240 (3) A change in business name; or
- 241 (4) A change in a state issued 4COP license for  
242 an existing package and lounge business that did not choose to  
243 forego package sales, to a 3PS license, and any decrease in the  
244 numerical designation of a state issued license which is of the same  
245 series (type); provided that the physical location of the vendor  
246 establishment does not change. No increase in the series (type) of  
247 state issued license shall be permitted at or for a location (new or  
248 existing) except in compliance with the provisions of sections 38-  
249 1414 and 38-1415.

252 license permitting the sale of alcoholic beverages and, thereafter, a  
253 religious institution or school is established within the applicable  
254 distance separation requirement set forth in subsection (a), the  
255 establishment of such religious institution or school shall not be  
256 cause for the discontinuance or classification as a nonconforming  
257 use of the business as a vendor of alcoholic beverages. In such a  
258 situation, an existing vendor licensed for on-site consumption may  
259 only increase a 1COP license (on-site beer consumption) to a 2  
260 COP (on-site beer and wine consumption). Also, in the event a  
261 vendor for on-site consumption only ceases to operate at the

location after the religious institution or school is established within the applicable distance separation requirement set forth in subsection (a), a new vendor with an equal or lesser series license for on-site consumption only may be established at the same location within five (5) years of the date when the previous vendor ceased to operate at the location. The burden of proving that the requirements for opening a new establishment have been met rests with the new vendor for on-site consumption.

(g) *Proposed location prior to building permit/construction.* When a location for an alcoholic beverage license is submitted to the zoning division for review and there is no building permit for the use at the location, the applicant shall stake the location of the main entrance and submit a certified survey demonstrating the distances to all established religious institutions, schools and adult entertainment establishments. A construction sign as defined in chapter 31.5 which includes reference to the sale and consumption of alcoholic beverages shall be erected on the site within thirty (30) days of zoning approval and shall not be removed until permanent on site signage is erected.
