SUBJECT: January 9, 2018 – Work Session
Public Boat Ramps

On January 9, 2018, staff will make a presentation to the Board regarding commercial use of public boat ramps in Orange County. This presentation is a follow-up to the August 29, 2017 presentation regarding businesses operating at public boat ramps.

The Board directed staff to develop an ordinance and guidelines for businesses who want to operate at these boat ramps. Staff will present recommendations for a draft ordinance affecting use of public boat ramps and associated recreational areas and facilities. Also included in the presentation will be the recommended operational guidelines for business use at each of the 11 boat ramps throughout the County. Staff will review the history of businesses and provide a timeline for future meetings necessary to adopt the boat ramp ordinance.

This work session is for information purposes only and no action is being requested.
