**657,536** patients

4,200 physicians

**14,000** employees

\$3.96M daily payroll

\$68K average yearly wage

\$1.78B 10-year capital spend

\$6M+ SunRail station

# Community Impact

- 1. Elevate and advance cancer research in Central Florida, ultimately bringing an NCI-designated cancer center to the area.
- 2. Discover, develop, and commercialize breakthrough therapies for all types of cancer.
- 3. Position Central Florida as THE destination for breakthrough cancer treatment for patients here and around the world.
- 4. Stimulate future business and job growth in the area.

# **Economic Impact of Florida Hospital Plan**

#1 hospital in FL for Cancer cases\*

**109 years** of excellence in Cancer Care Delivery, Operations & Financial

Discipline

#2 hospital in FL for Cancer cases\*

The ONLY NCI-designated
Comprehensive Cancer Center in
the State of Florida & ranked #9 nationally
by U.S. News & World Report

International Care Destination 24,000 Cancer cases/year\*

# Site Plan

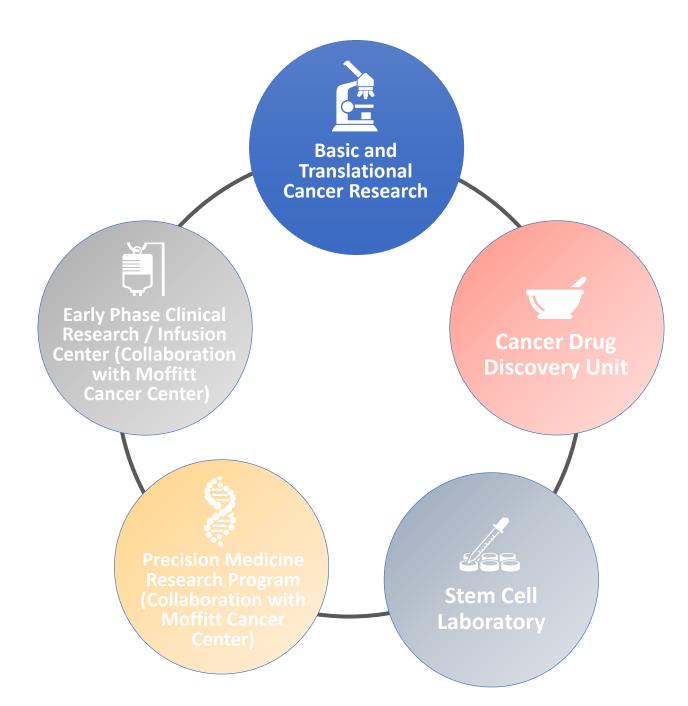

2013	Development of Strategic Plan focusing on Research and Education			
2014	NCI Strategy Development and FH Board approval			
2015	Meeting with NCI leadership in Bethesda, MD			
2016	Initial engagement with Moffitt Cancer Center			
	Plan development with Moffitt Cancer Center			
2017	Initial SBP invitation to discuss site (January 2017)			
	Meetings with local stakeholders (June 2017)			
	Plan presented to DEO (July 2017)			
	Vetting and Diligence of Site			
	Presentation of Plan for SPB Site to local stakeholders			
2018	Presentation of Plan to Board of County Commissioners			
	2014 2015 2016 2017			

# Plan for site

**Phase I** (years 1 - 5) includes development of five programs which are completely new and novel for the Central Florida region

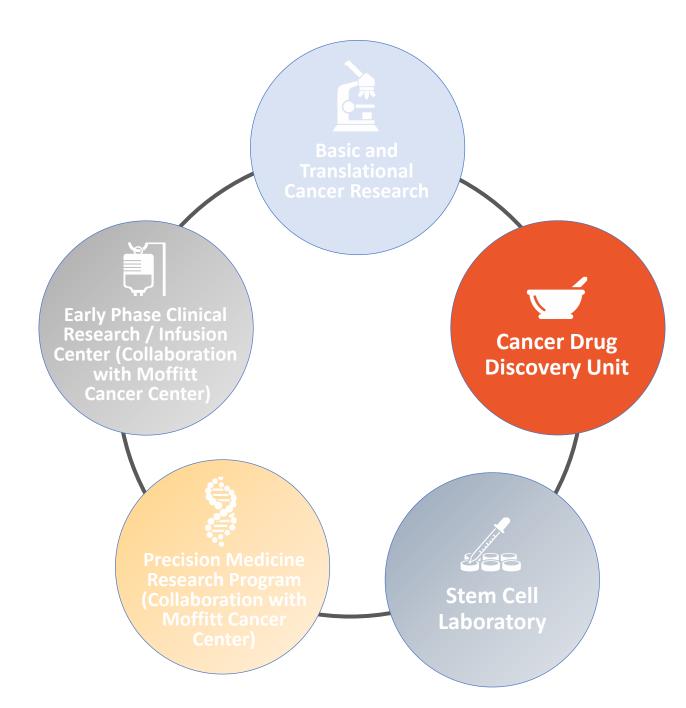

### **Operational Day 1**

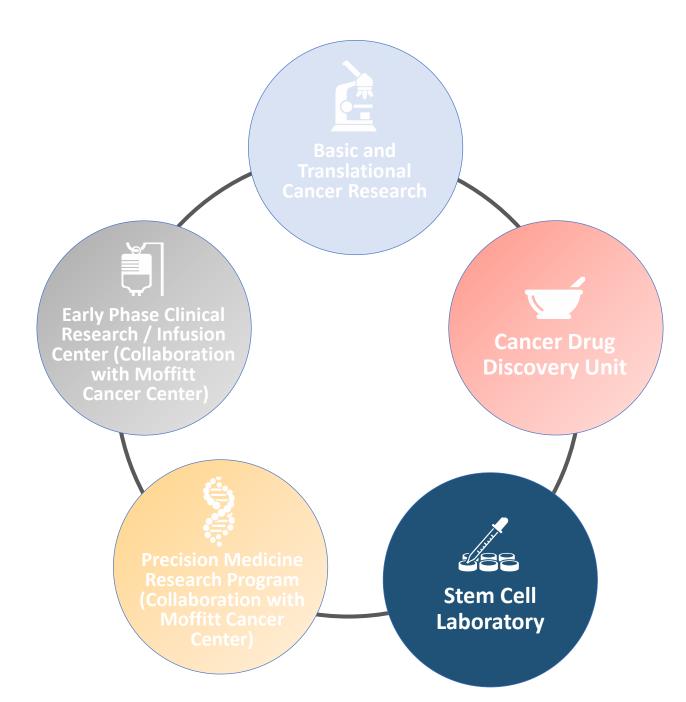

- Original intent
- Translates early scientific discoveries from bench-to-bedside

### **Operational Day 1**

- Original intent
- Maximize current equipment
- Attract partners and spin-offs
- World-class team

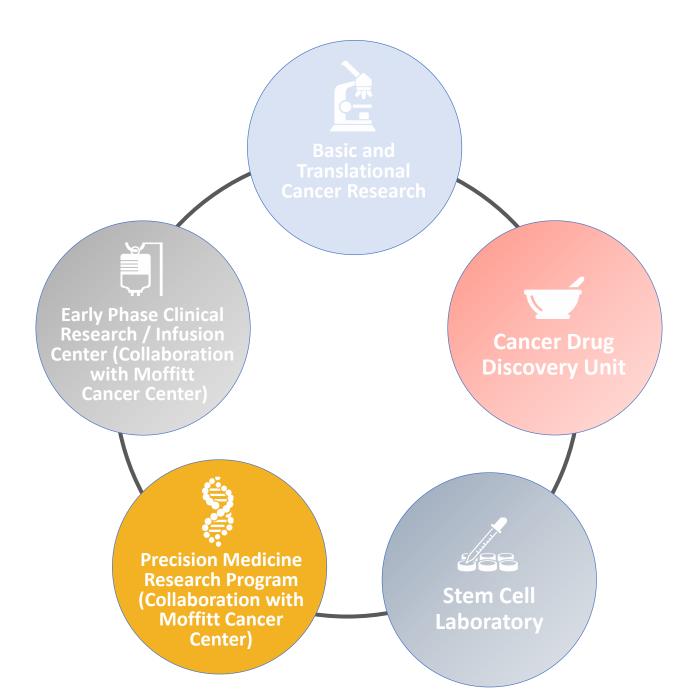

### Operational Q4 2018

- Grow and expand existing stem cell laboratory
- Advance development of novel immunotherapies

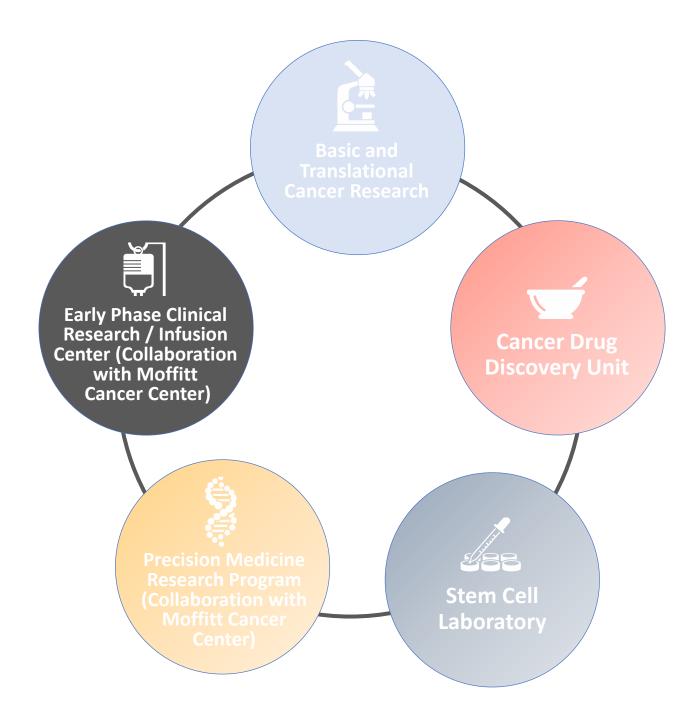

# Operational Q1 2019

- Cancer therapy tailored to the individual
- Focus on Immunotherapy innovations

### **Operational Q1 2019**

- Provides access to breakthrough treatments and protocols currently not available in Central Florida
- Build on existing portfolio enrolling 600 patients

# I ATONAL ANCER INSTITUTE

### **NOT JUST ANOTHER CANCER CENTER**

- ✓ Accelerated path to NCI Designation
- ✓ Basic and Translational Cancer Research
- √ 100% ownership & commitment
- √ 'Breakthrough' therapies
- ✓ World-class Cancer care for Central Florida
- ✓ Operational Day 1
- ✓ Phase I Clinical Research
- \$120M investment, zero debt, no external funding
- √ 315 new private sector jobs
- √ HQ in Florida
- ✓ Leverage state's and stakeholders' investment
- ✓ Saves existing SBP jobs
- ✓ More than 20,000 cancer cases per year

- ✓ Spinoffs, and attract biotech and biopharma
- ✓ Completed architectural planning
- ✓ Blended and sustainable revenue model
- ✓ Extensive partnership roster
- ✓ Drug Discovery
- ✓ Immunotherapy research currently under way
- ✓ Patents
- ✓ Bench-to-bedside
- ✓ Stem Cell Laboratory
- ✓ Dedicated Foundation Support
- ✓ Sustainable
- ✓ Cancer Genomics
- ✓ Precision medicine
