IMPACT ANALYSIS

Special Information

The Waterleigh PD contains 1,485.4 gross acres, was originally approved on February 12, 2013, and currently provides for a development program of 3,600 residential dwelling units, 204,453 square feet of non-residential uses, and public elementary and middle school sites.

Through this PD substantial change, the applicant is seeking to move the required one-acre APF Utility Tract from the adjacent Springhill PD into this PD within Parcel 10 as a four and one-half (4.5) acre Utility Tract, with no change to the Parcel 10 development program. The request also involves an update to the APF Agreement (APF-18-01-010).

Land Use Compatibility

The proposed PD substantial change would not adversely impact any adjacent properties or result in an incompatible land use pattern.

Comprehensive Plan (CP) Consistency

The underlying Future Land Use Map (FLUM) designation of the Waterleigh PD is "Village", indicating that the property falls within the Horizon West Special Planning Area. More specifically, the PD parcel affected by this request is located within Horizon West Village H and is designated Village Center District. The proposed Change Determination Request (CDR) is consistent with the designation and all applicable CP provisions; therefore, a CP amendment is not necessary.

Overlay District Ordinance

The subject property is not located within an Overlay District.

Rural Settlement

The subject property is not located within a Rural Settlement.

Joint Planning Area (JPA)

The subject property is not located within a JPA.

Environmental

Environmental Protection Division (EPD) staff has reviewed the proposed request, but did not identify any issues or concerns.

Transportation / Concurrency

Avalon Road (CR 545): A Village H Horizon West Road Network Agreement for C.R. "Signatory Owners" was approved by the BCC on 2/12/2013 and recorded at OR Book/Page 10525/6172. The Village H Horizon West Road Network Agreement provides for the dedication of right-of-way, design, engineering, permitting, mitigation and construction of C.R. 545 to four lanes in four phases according to specific trip allocations and performance thresholds. Concurrency Vesting shall be provided pursuant to Table 1 based on achieved thresholds of the road improvements. Conveyance shall be by general warranty deed at no cost to the County prior to each phase of roadway construction. The Signatory Owners will receive Road Impact Fee Credits in Road Impact Fee Zone 4 for the lesser of (a) 95% of the actual, reasonable unreimbursed sums incurred by Signatory Owners for permitting, design, mitigation, inspection and construction expense exclusive of enhanced landscaping and street lighting or (b) 60% of the countywide average total cost of road construction per lane mile. This agreement was negotiated based on the approved Horizon West Global Road Term Sheet.

As proof of satisfaction of the project's transportation concurrency obligations, and in compliance with that certain Village H Road Network Agreement recorded at O.R. Book 10525, Page 6172, Public Records of Orange County, Florida, the developer must provide a valid Assignment of Vested Trips document together with the applicable Confirmation Letter issued by Orange County, concurrently with or prior to Preliminary Subdivision Plan/Development Plan submittal. In addition, the Preliminary Subdivision Plan and each subsequent Development Plan must show a legend with trip allocations by parcel identification number and phase of the development.

Community Meeting Summary

A community meeting was not held for this request.

Schools

Orange County Public Schools (OCPS) reviewed the request and determined that it will not impact public school capacity.

Parks and Recreation

Orange County Parks and Recreation staff reviewed the request but did not identify any issues or concerns.

Specific Project Expenditure Report and Relationship Disclosure Forms

The original Specific Project Expenditure Report and Relationship Disclosure Form are currently on file with the Planning Division.

ACTION REQUESTED

Development Review Committee (DRC) Recommendation – (January 24, 2018)

Make a finding of consistency with the Comprehensive Plan (CP) and approve the substantial change to the Waterleigh Planned Development / Land Use Plan (PD/LUP) dated "Received January 24, 2018", subject to the following conditions:

1. Development shall conform to the Waterleigh PD Land Use Plan (LUP) dated "Received January 24, 2018," and shall comply with all applicable federal, state, and county laws, ordinances, and regulations, except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. Accordingly, the PD may be developed in accordance with the uses, densities, and intensities described in such Land Use Plan, subject to those uses, densities, and intensities conforming with the restrictions and requirements found in the conditions of approval and complying with all applicable federal, state, and county laws, ordinances, and regulations, except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. If the development is unable to achieve or obtain desired uses, densities, or intensities, the County is not under any obligation to grant any waivers or modifications to enable the developer to achieve or obtain those desired uses, densities, or intensities. In the event of a conflict or inconsistency between a condition of approval and the land use plan dated "Received January 24, 2018," the condition of approval shall control to the extent of such conflict or inconsistency.
2. This project shall comply with, adhere to, and not deviate from or otherwise conflict with any verbal or written promise or representation made by the applicant (or authorized agent) to the Board of County Commissioners ("Board") at the public hearing where this development received final approval, where such promise or representation, whether oral or written, was relied upon by the Board in approving the development, could have reasonably been expected to have been relied upon by the Board in approving the development, or could have reasonably induced or

otherwise influenced the Board to approve the development. In the event any such promise or representation is not complied with or adhered to, or the project deviates from or otherwise conflicts with such promise or representation, the County may withhold (or postpone issuance of) development permits and / or postpone the recording of (or refuse to record) the plat for the project. For purposes of this condition, a "promise" or "representation" shall be deemed to have been made to the Board by the applicant (or authorized agent) if it was expressly made to the Board at a public hearing where the development was considered and approved.

3. Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.
4. Developer / Applicant has a continuing obligation and responsibility from the date of approval of this land use plan to promptly disclose to the County any changes in ownership, encumbrances, or other matters of record affecting the property that is subject to the plan, and to resolve any issues that may be identified by the County as a result of any such changes. Developer / Applicant acknowledges and understands that any such changes are solely the Developer's / Applicant's obligation and responsibility to disclose and resolve, and that the Developer's / Applicant's failure to disclose and resolve any such changes to the satisfaction of the County may result in the County not issuing (or delaying issuance of) development permits, not recording (or delaying recording of) a plat for the property, or both.
5. Property that is required to be dedicated or otherwise conveyed to Orange County (by plat or other means) shall be free and clear of all encumbrances, except as may be acceptable to County and consistent with the anticipated use. Owner / Developer shall provide, at no cost to County, any and all easements required for approval of a project or necessary for relocation of existing easements, including any existing facilities, and shall be responsible for the full costs of any such relocation prior to Orange County's acceptance of the conveyance. Any encumbrances that are discovered after approval of a PD Land Use Plan shall be the responsibility of Owner / Developer to release and relocate, at no cost to County, prior to County's acceptance of conveyance. As part of the review process for construction plan approval(s), any required off-site easements identified by County must be conveyed to County prior to any such approval, or at a later date as determined by County. Any failure to comply with this condition may result in the withholding of development permits and plat approval(s).
6. The project shall comply with the terms and conditions of that certain Village H Road Network Agreement recorded as Document No. 10525/6172, Public Records of Orange County, Florida, as may be amended.

7. Construction plans for residential and commercial development within this PD, submitted after January 31, 2019, shall not be approved until the APF Utility tract(s) (water and wastewater) and 50-foot access & utility easement are conveyed to Orange County Utilities.
8. The conveyed APF Utility tract(s) (water and wastewater) and minimum 50-foot access & utility easement or tract connection to public right-of-way, that are acceptable to the County, shall have a typical average slope of 5 percent or less over the existing grade, an elevation above the 100-year flood plain, and shall be located outside of wetlands. A developer-built offsite master stormwater system shall be designed and constructed to serve the APF Utility tract(s) and 50-foot access & utility easement.
9. The Utility tract(s) (water and wastewater) identified in this PD shall be dedicated to the County in accordance with the Waterleigh PD APF Agreement approved by BCC, as may be amended. The actual location of the APF Utility tract(s) shall be identified with the PSP or DP.
10. Except as amended, modified, and / or superseded, the following BCC Conditions of Approval, dated October 18, 2016 shall apply:
