SUBJ: Construction of Speed Humps on 29th Street

At the request of the residents on 29th Street, a speed hump survey was mailed to the property owners. This was to determine if the property owners supported the installation of speed humps. If two-thirds of the returned ballots from the property owners were in favor of the speed humps, the County would install the speed humps.

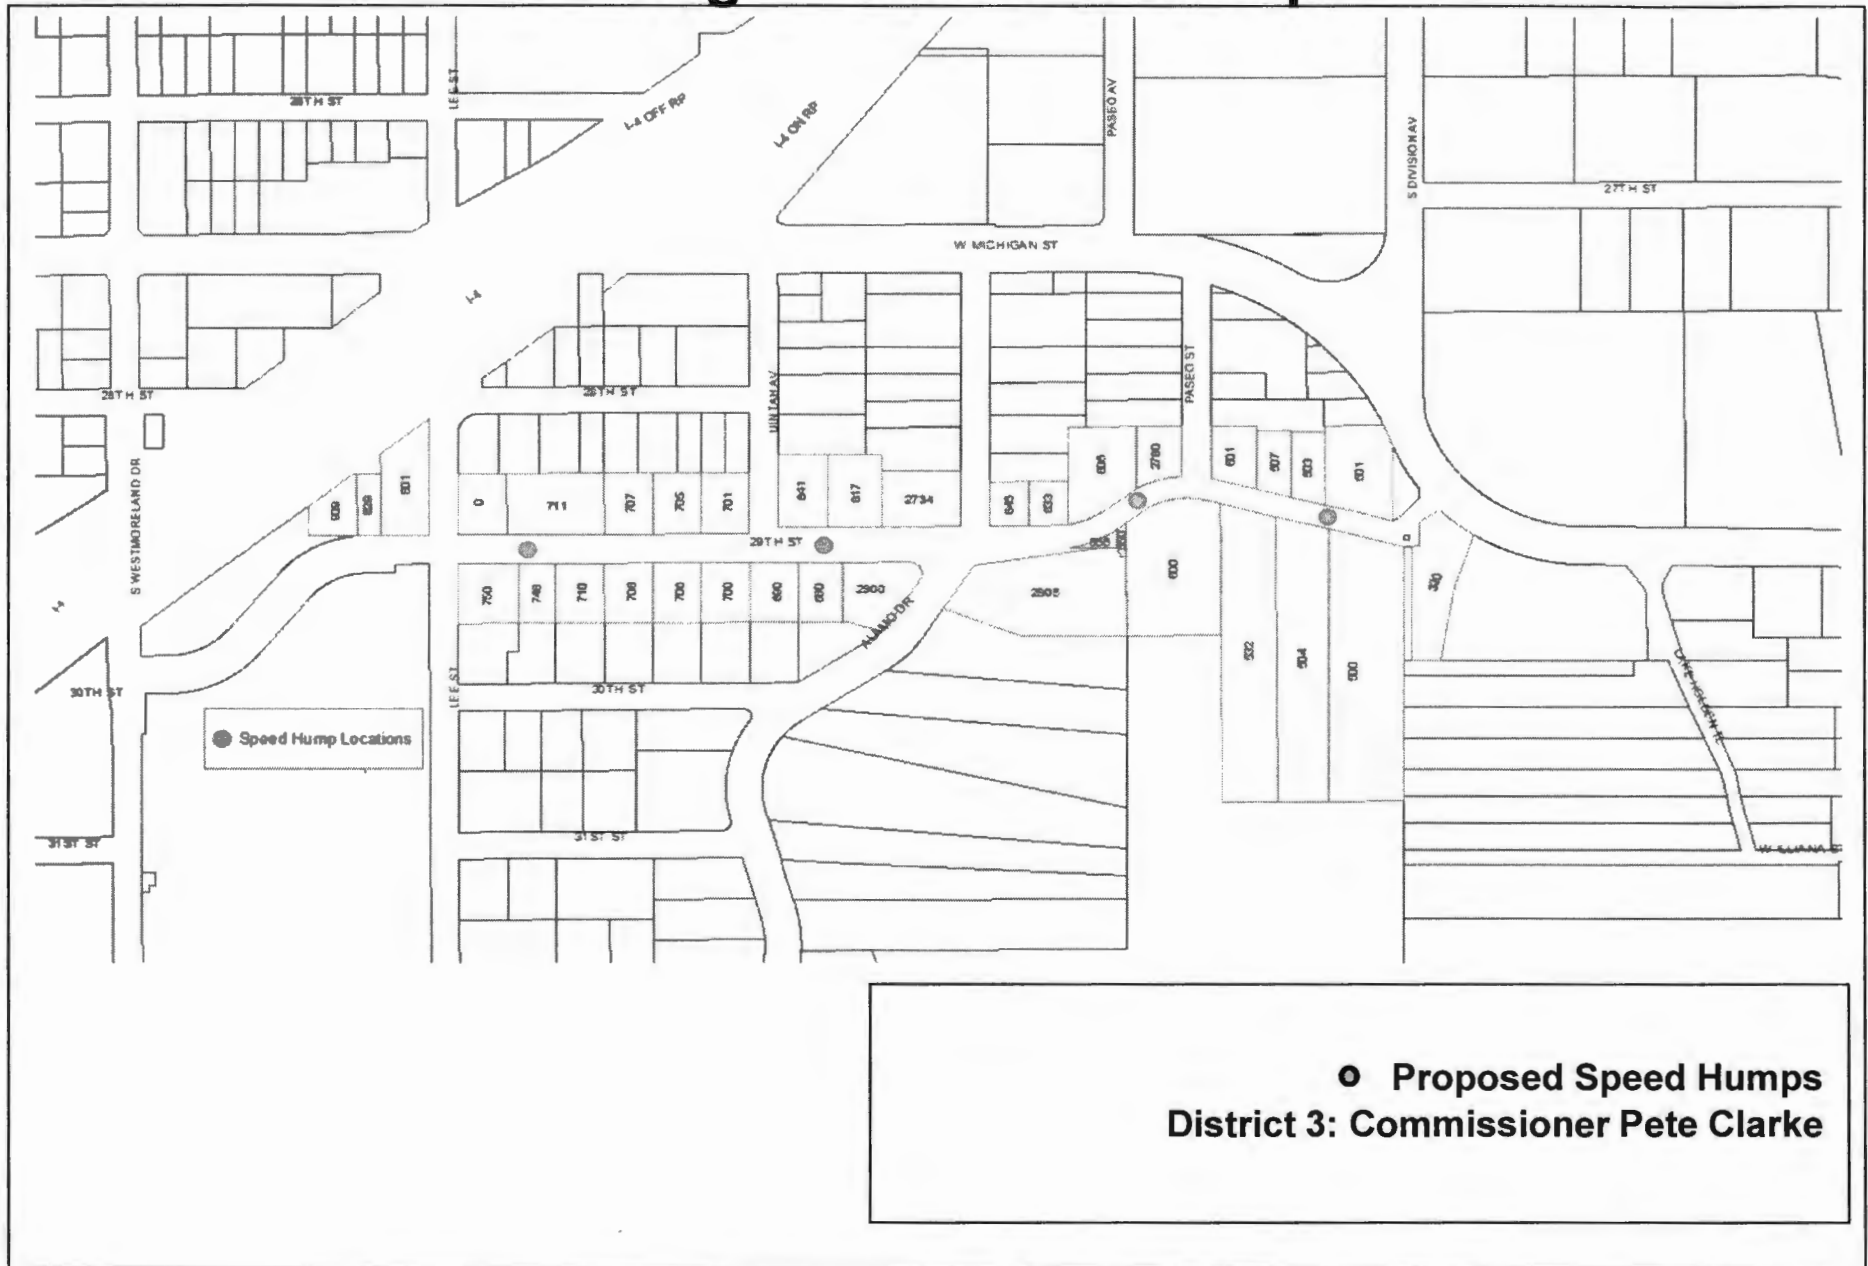

The result of the survey was that 100% of the returned ballots from property owners supported the installation of speed humps. The project is being funded by Commission District 3 and Public Works.

Action Requested: Approval to construct speed humps on 29th Street. District 3.
