SUBJECT: **Consent Agenda Item – October 30, 2018**  
October 2018 Business Assistance for Neighborhood Corridors  
(BANC) Program Grant Recipient

The Neighborhood Preservation and Revitalization Office administers the Business Assistance for Neighborhood Corridors (BANC) Program, which coordinates Orange County services for economic development in targeted corridors. On March 20, 2012, the Board approved the BANC Program to revitalize once thriving commercial corridors that suffer from a lack of investment and are deficient of financial support. The BANC Program reimburses businesses up to \$10,000 for costs associated with improving or opening a business. Some of the allowable projects are a conventional rezoning, submittal fees for commercial projects, demolition costs, bringing a structure up to code, and/or façade improvements to the structure.

Businesses applying to the BANC Program must attend an informational session about the program and submit an application with three quotes. A Business Assistance Team made up of staff from relevant Orange County Offices reviews all applications. The staff reviews the applications based on project feasibility, benefit to the community, and to ensure the project complies with Orange County's urban design standards, permitting requirements, and appropriate Orange County Codes.

The staff recommends approval of Advanced Auto Care grant application dated October 2018 (see Attachment A).

**Action Requested:** Approval of the October 2018 Business Assistance for Neighborhood Corridors (BANC) Program Grant for Advanced Auto Care (\$5,000). District 6.

### Summary:

The applicant is requesting to replace roll-up garage doors at the property.

The applicant has already improved the appearance of the business by resurfacing the parking lot and painting the wall in front of the building through a previous BANC application in 2017. The applicant now wishes to improve the business further by replacing roll-up garage doors that are in disrepair.
