

Interoffice Memorandum

November 1, 2018

TO: Mayor Jerry L. Demings  
and Board of County Commissioners

FROM:  Mark V. Massaro, P.E., Director, Public Works Department 

CONTACT PERSON: Christine N. Lofye, P. E., Manager   
Traffic Engineering Division

PHONE NUMBER: (407) 836-7890

SUBJ: Establishment of Multi-Way "Stop" Condition at the Intersection of  
Clarcona Road and 13<sup>th</sup> Street

Due to a pattern of right angle crashes, Traffic Engineering staff have evaluated the need for a multi-way "Stop" condition at the intersection of Clarcona Road and 13<sup>th</sup> Street.

Orange County Traffic Engineering has conducted a multi-way stop warrant study at the intersection of Clarcona Road and 13<sup>th</sup> Street. The multi-way stop warrant study consisted of an evaluation of existing field conditions including critical approach speed, sight distance, traffic volumes, and crash history. Stop signs are currently on 13<sup>th</sup> Street at Clarcona Road. Based on engineering judgement and sight restrictions, for the improvement of safety, staff supports the installation of a multi-way stop condition on Clarcona Road and 13<sup>th</sup> Street.

Staff recommends that the Board approve installation of a multi-way "Stop" at the intersection of Clarcona Road and 13<sup>th</sup> Street.

Action Requested: Approval of "Stop" signs installation at Clarcona Road and 13<sup>th</sup> Street. District 2.
