STAFF RECOMMENDATION

PLANNING

Make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested C-2 (General Commercial District) zoning, subject to the following restrictions:

Restrictions

- 1) New billboards and pole signs shall be prohibited; and
- 2) The applicant / developer shall submit a site plan to demonstrate compliance with all Orange County Code requirements (including landscaping and paved surfaces) prior to the accommodation of any C-2 uses.

IMPACT ANALYSIS

Land Use Compatibility

The C-2 (General Commercial District) zoning would allow for development that is compatible with the character of the surrounding area and would not adversely impact adjacent properties.

Comprehensive Plan (CP) Consistency

The underlying CP Future Land Use Map (FLUM) designation of the subject property is Commercial (C). The proposed C-2 (General Commercial District) zoning is consistent with the Commercial FLUM designation and the following Comprehensive Plan provisions:

FLU1.4.2 states that Orange County shall ensure that land uses changes are compatible with and serve existing neighborhoods.

FLU1.4.4 states that the disruption of residential areas by poorly located and designed commercial activities shall be avoided.

FLU8.1.1 states that the zoning and future land use correlation shall be used to determine consistency with the Future Land Use Map. Land use compatibility, the location, availability and capacity of services and facilities, market demand, and environmental features shall also be used in determining which specific zoning district is most appropriate. Density is restricted to the maximum and minimum allowed by the Future Land Use Map designation regardless of zoning.

OBJ FLU8.2 states that compatibility will continue to be the fundamental consideration in all land use and zoning decisions.

FLU8.2.1 states that land use changes shall be required to be compatible with existing development and development trend in the area. Performance restrictions and/or conditions may be placed on property through the appropriate development order to ensure compatibility. No restrictions or conditions shall be placed on a Future Land Use Map change.

FLU8.2.11 states that compatibility may not necessarily be determined to be a land use that is identical to those uses that surround it. Other factors may be considered, such as the design attributes of the project, its urban form, the physical integration of a project and its function in the broader community, as well its contribution toward the Goals and Objectives in the CP. The CP shall specifically allow for such a balance of considerations to occur.

Permitted Uses

The intent and purpose of the C-2 zoning district is to provide for the retailing of commodities and the furnishing of several major services, selected trade shops and automotive repairs. This district is encouraged at locations along minor arterial and major arterial roads where general commercial uses would be compatible with the surrounding neighborhood, yet not adjacent to residential uses. This district typically occupies an area larger than that of the retail commercial district, serves a considerably greater population, and offers a wider range of services. This district is only promoted within the urban service area where uses of this intensity have already been established.

Specific uses shall be identified by the letter "P" in the use table set forth in Section 38-77 of the Orange County Code and include new and used automobile sales; car rental and leasing; auto painting and body shops; special trade contractors' offices (storage, equipment yards, and offices with outdoor storage); automobile parking lots and parking

garages; outdoor storage and display of equipment, products, and merchandise; landscaping and irrigation businesses; commercial kennels; caterers; etc.

SPECIAL INFORMATION

Subject Property Analysis

The subject property is located at 907 N. Goldenrod Road, or generally on the east side of N. Goldenrod Road, north of Valencia College Lane, and south of Timber River Circle. There are several scattered, small-scale commercial buildings located along the east side of N Goldenrod Road. To the north of the subject property, across the partially improved right-of-way that was dedicated to the county in 1963, two 12,960 square foot multi-tenant warehouses are currently proceeding through commercial permitting. Located on the two parcels to the south of the subject property is the Wah Lum Kung Fu & Tai Chi school and museum. The parcel to the east, which is accessed from Valencia College Lane, is a child care facility. On the east of the child care center is the Colonial 9th Grade Center. In 2005, the parcel to the west, across N. Goldenrod Avenue was rezoned from R-3 (Multiple-Family Dwelling District) to C-1 (Retail Commercial District) for an unspecified commercial use, and is currently undeveloped.

The subject property has been developed with the existing structure since 1964 and operated as Betty's Laughing Horse Tavern from 2004 until closing in July 2018. The applicant has recently purchased the subject property and, through this rezoning, intends to develop the property for an auto sales use.
