

## Interoffice Memorandum

January 7, 2019

## AGENDA ITEM

TO: Mayor Jerry L. Demings  
-AND-  
Board of County Commissioners

THRU: Lonnie C. Bell, Jr., Director  
Family Services Department

A handwritten signature in black ink, appearing to read "Lonnie C. Bell Jr.", written over the typed name.

FROM: Jason Reynolds, AICP, Administrator  
Neighborhood Preservation and Revitalization Office

SUBJECT: **Consent Agenda Item – January 15, 2019**  
Countywide Sustainable Communities Grant Program

The Board accepted and adopted the Orange County Sustainability Plan "Our Home for Life" on May 13, 2014. The Orange County Sustainability Plan's purpose is to provide a framework for working towards sustainability, as well as goals and strategies that will serve to integrate sustainability into our culture, decision-making, and governance. The Sustainable Communities Grant Program is a part of the Neighborhood Pride Grant Program created in 2011 to offer beautification grants to neighborhood organizations. The Sustainable Communities Grant Program allows neighborhood organizations to take charge and implement sustainable projects in their community.

The Neighborhood Preservation and Revitalization Office administers the Sustainable Communities Grant Program, which provides funds for citizen organizations to help reduce pollution and their carbon footprint. The grant is available countywide in amounts ranging between \$500 and \$5,000. The Sustainable Communities Grant Program accepts applications on a monthly basis.

The Neighborhood Preservation and Revitalization Office staff performs a detailed technical review on each application received. The staff examines various aspects of the project, including the potential reduction in pollution and carbon footprint, the project cost, impact on the community, and the ability of the organization to execute the project and maintain any physical improvements. The Environmental Protection Division (EPD) helped to develop the grant program criteria and assists applicants in developing projects that reduce pollution and their carbon footprint. Organizations are required to provide a letter of support from EPD, which has been provided for these projects.

Several measures are in place to ensure proper monitoring and compliance with the program guidelines. All grant funds are distributed through the County's purchase order process, and there are no direct cash payments to the selected organizations. Applicants are required to complete projects, as documented on the invoices from vendors and their status reports.

Every organization that completes a physical improvement project must also demonstrate the ability to independently maintain the improvement. Staff concludes the monitoring process for each grant awarded by conducting detailed site visits to ensure compliance with the requirements.

The Neighborhood Grants Advisory Board (NGAB) is recommending approval of Lake Lovely/Lake Hungerford Neighborhood (\$2,650), Dean Cove Neighborhood (\$1,300), and Meadow Woods Village 7 (\$1,300) Sustainable Communities Grants for January 2019 (see Attachment A). The grant requests are displayed in greater detail in Attachment B, C, and D. The grant requests were reviewed by Orange County staff and presented to the NGAB for recommendations. The applications were reviewed based on project feasibility, organizational readiness, and benefit to the community. In addition, the applications were reviewed against the County's permitting requirements to ensure that the project would comply with appropriate County codes.

Finally, the organization is required to sign a letter of agreement recognizing their responsibilities throughout the grant process, document the appropriate match, and demonstrate an ability to maintain the project.

**ACTION REQUESTED:**      **Approval of the January 2019 Sustainable Communities Grants as recommended by the Neighborhood Grants Advisory Board for Lake Lovely/Lake Hungerford Neighborhood (\$2,650), Dean Cove Neighborhood (\$1,300), and Meadow Woods Village 7 (\$1,300). Districts 2, 3, and 4.**
