BUSINESS DEVELOPMENT DIVISION

Procurement Division

FROM: Dexter Watts, Senior Contract Administrator 
Business Development Division

SUBJECT: Business Development Division Bid Evaluation

PROJECT: **Y19-718-TA / Eastern Water Reclamation Facility in-plant Pump Station Replacement**

The Business Development Division evaluated the 3 bids submitted for this project and found that the apparent low bidder Hinterland Group, Inc. did not achieve good faith effort documentation. While the low bidder reported \$36,486 in MWBE participation, they did not specify the work to be performed on attachment C-2. Therefore, the MWBE participation could not be confirmed.

The second low bid submitted by Carr & Collier, Inc. did not achieve good faith effort documentation and reported 24.92% MWBE participation in their bid.

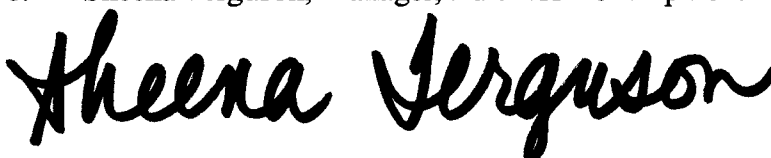

The third low bid submitted by Sawcross, Inc. did not achieve good faith effort documentation and reported 1.53% MWBE participation in their bid.

None of the bids were within the MWBE sliding scale range to be awarded this contract over the low bidder.

Our evaluation of these bids was based on the participation listed on the subcontractor/supplier page. If the low bidder is not chosen, please let us know so that we may obtain Letters of Intent to confirm the participation.

Attached is a spreadsheet reconciling the bidders' compliance with the IFB's M/WBE requirements, including the percentage breakdown for all bidders and a comparison of the relative bids versus participation percentages.
