#### **Orange County Zoning Division**

## VA-19-04-016 APPLICANT: IVAN PRIETO

JUNE 4, 2019

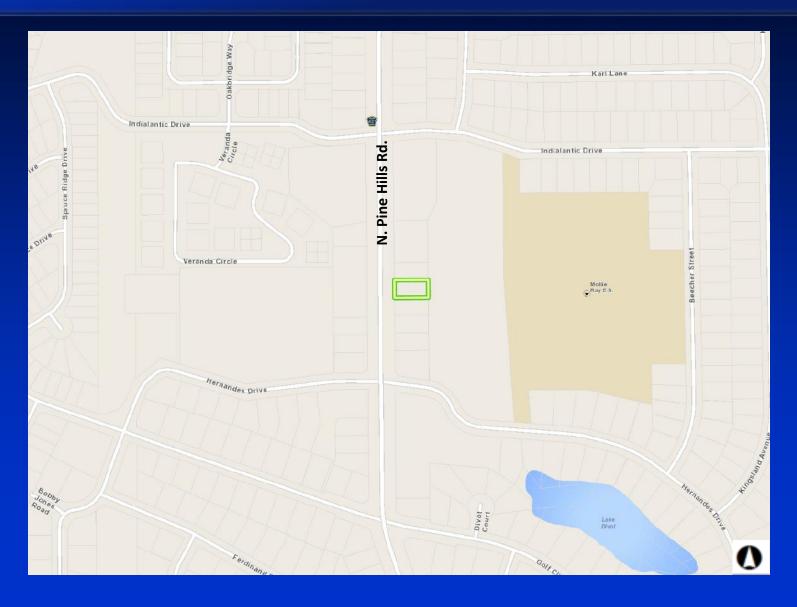

- APPLICANT: IVAN PRIETO
- ZONING: P-O
- FUTURE LAND Office
- USE:
- ADDRESS: 1315 N. Pine Hills Rd., Orlando, FL 32808
- LOCATION: East side of N. Pine Hills Rd., north of Hernandes Dr.
- TRACT SIZE: 0.186 acres / 60 ft. x 125 ft.
- DISTRICT: 6

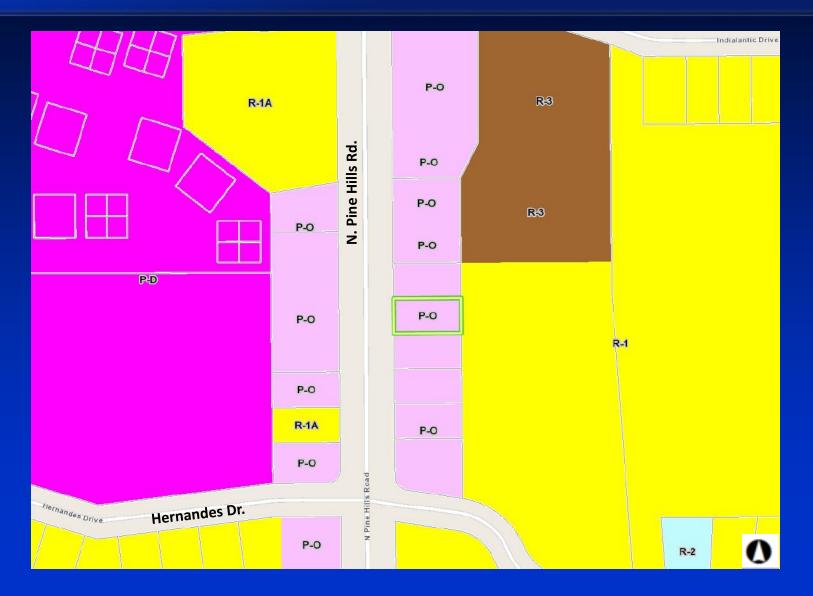

REQUEST: Variances in the P-O zoning district to allow an existing accessory structure as follows:
1) To allow a rear yard setback of 2 ft. in lieu of 30 ft.
2) To allow side yard setbacks of 3 ft. in lieu of 10 ft.
This is a result of Code Enforcement action.

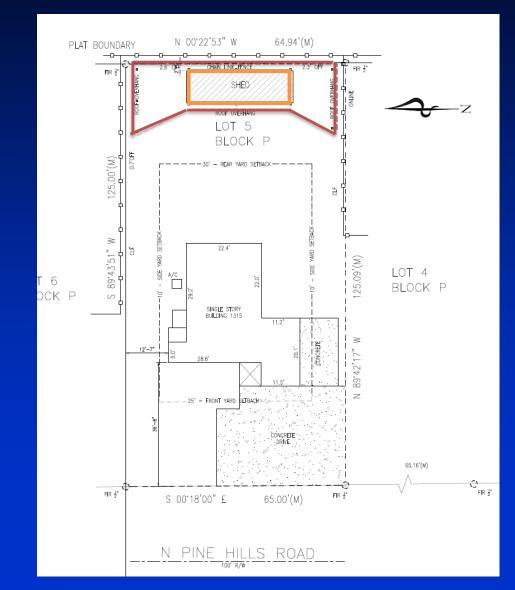

- October 1983 Property was re-zoned R-1A to P-O.
- February 2006– Applicant purchased the property, and the shed/carport structures were constructed sometime that year.
- May 2018 Applicant was cited by Code Enforcement for the unpermitted accessory structure(s).

#### Site Photograph Existing structure(s) – looking east towards rear yard

#### **Staff Findings and Analysis**

- There is an existing 2,651 sq. ft. office building on the property which the applicant uses as an office for his construction business. The applicant utilizes the accessory structure(s) to store equipment for his business.
- The lot does not meet the minimum lot width or size for the P-O zoning district, however, it is considered a lot of record.
- The property is located in the Pine Hills Neighborhood Improvement District, which was created to promote and facilitate Pine Hills as a safe, business-friendly community. A contractor's office is a permitted use in both the improvement district and in the Professional Office (P-O) zoning district. However, outdoor storage and storage of vehicles overnight is not permitted in either the improvement district nor the zoning district.

#### **Staff Findings and Analysis**

- The accessory structure is comprised of two portions: a shed and an open carport structure.
- The applicant hired a contractor in 2006, to construct the shed in the rear yard. At a later date the covered carport area was constructed. A permit was not pulled for either structure; therefore the applicant was cited by Code Enforcement in May 2018, for the structure.
- The applicant applied for a building permit in September 2018 and it was denied, as the structure(s) did not meet the required setbacks.
- The code does not have different setbacks for accessory structures in non-residential zoning districts as all structures are considered primary and must meet principal structure setbacks. Also, setbacks for open structures are measured to the edge of the column, not to the edge of the roof overhang.

#### Staff Findings and Analysis

 Staff recommended approval of Variance #1 as the rear yard abuts an open area and all the storage will be located inside this structure which will meet the intent of the P-O zoning district.
 Staff recommended denial of Variance #2 request as allowing the variance would confer a special privilege, the applicant would not be deprived of any rights, and allowing the carports to remain will encourage further outdoor storage of materials and equipment which may be injurious to the area.

- Mailed 198 notices to property owners within 500 ft. radius of the property:
  - Staff received 3 letters in support of the request.
  - Staff received 0 letters in opposition to the request.

Section 30-43 of the Orange County Code Stipulates specific standards for the approval of variances. No application for zoning variance shall be approved unless the Board of Zoning Adjustment finds that all of the following standards are met:

- 1. <u>Special Conditions and Circumstances</u> Special conditions and circumstances exist which are peculiar to the property and which are not applicable to other properties
- 2. <u>Not Self-Created</u> The special conditions and circumstances do not result from the actions of the applicant
- 3. <u>No Special Privileges Conferred</u> Approval will not confer on the applicant any special privilege
- 4. <u>Deprivation of Rights</u> Literal interpretation of the provisions contained in this Chapter would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district
- 5. <u>Minimum Possible Variance</u> The minimum variance that will make possible the reasonable use of the land, building, or structure
- 6. <u>Purpose and Intent</u> Approval will be in harmony with the purpose and intent of this Chapter and will not be injurious to the neighborhood

- The BZA agreed with staff's recommendation to allow the shed to remain and require the applicant to remove the existing carport structures.
- The property abuts a dumpster/open area to the rear.
- The P-O zoning district does not allow outdoor storage.
- BZA recommend approval of variance #1 and denial of variance #2 with a 7-0 vote.
