Amended Condition #9.a.

- a) The following Education Condition of Approval shall apply:
 - 1) Developer shall comply with all provisions of the Capacity Enhancement Agreement entered into with the Orange County School Board as of May 9, 2016, and as amended on October 9, 2018, and as further amended on October 4, 2019 ("CEA 15-008"). Additionally, for purposes of CDR-18-10-352, the project contains 106 unvested units (the "Second Additional New Units," as such term is defined in CEA 15-008) that are subject to the County's school capacity policy (a/k/a the "Martinez Doctrine"). The developer has contracted with Spring Grove, LLC to acquire Owner's Capacity Credits, as defined in CEA 15-008, and as established under the Capacity Enhancement Agreement by and between D.R. Horton, Inc. and the School Board dated August 18, 2006, recorded at O.R. Book 8845, Page 2062, as amended ("CEA # 05-030" and together with CEA 15-008, the Capacity Enhancement Agreements). The number of Owner's Capacity Credits equals the number of Second Additional New Units. The County shall not record a plat for any of the Second Additional New Units until it receives notice from Orange County Public Schools that the developer has closed on the acquisition of the Owner's Capacity Credits from Spring Grove, LLC. The developer shall comply with all provisions of the Capacity Enhancement Agreements.

Amended Condition #9.a.

- 2) Upon the County's receipt of written notice from Orange County Public Schools that the developer is in default or breach of the Capacity Enhancement Agreements, the County shall immediately cease issuing building permits for any unvested units. The County may again begin issuing building permits upon Orange County Public Schools' written notice to the County that the developer is no longer in breach or default of the Capacity Enhancement Agreements. The developer and its successor(s) and/or assign(s) under the Capacity Enhancement Agreements, shall indemnify and hold the County harmless from any third party claims, suits, or actions arising as a result of the act of ceasing the County's issuance of residential building permits.
- 3) Developer, and its successor(s) and/or assign(s) under the Capacity Enhancement Agreements, agrees that it shall not claim in any future litigation that the County's enforcement of any of these conditions are illegal, improper, unconstitutional, or a violation of developer's rights.
- 4) Orange County shall be held harmless by the developer and its successor(s) and/or assign(s) under the Capacity Enhancement Agreements, in any dispute between the developer and Orange County Public Schools over any interpretation or provision of the Capacity Enhancement Agreements.

Amended Condition #9.a.

- 5) Prior to or concurrently with the County's approval of the plat, documentation shall be provided from Orange County Public Schools that this project is in compliance with the Capacity Enhancement Agreements.

WAIVER REQUESTS

- A waiver from Section 38-76(14)(b) is requested to allow detached accessory buildings to be located in front of principal buildings in lieu of no detached accessory buildings being located in front of principal buildings.
Justification: The principal buildings are designed to front an on-street stormwater pond with parking located along the perimeter. The proposed five (5) detached accessory buildings will include windows and are proposed to be located along the perimeter providing building massing along the Boggy Creek and Simpson Road frontages.
- A waiver from Section 38-1754(1) is requested to allow two-story accessory buildings and two-story multi-family buildings, provide a minimum ten (10) foot setback along all boundaries of the PD, in lieu of a minimum twenty-five (25) foot setback from all boundaries of the PD with increased setbacks for structures in excess of two (2) to reflect the additional structural height.
Justification: There are five (5) proposed two-story detached accessory buildings and two (2) two-story multi-family buildings located along the perimeter of the PD. Each accessory building is proposed to include windows and will provide building massing along the Boggy Creek Road and Simpson Road frontages. In addition to the typical landscaping and fencing, the proposed Typen Ranch PD shows a large stormwater pond that directly abuts the subject property's north boundary line. A storm pond will provide significant buffer for the proposed multi-family buildings. The reduced setbacks are only for two-story buildings. The proposed setbacks are compatible to the surrounding area projects.
- A waiver from Section 38-1754(2)(b) is requested to allow a minimum setback of ten (10) feet for two-story accessory buildings along the southern boundary of the PD, in lieu of thirty-five (35) feet.
Justification: There are five (5) proposed detached accessory buildings located along the perimeter of the PD. Each accessory building is proposed to include windows and will provide building massing along Simpson Road in addition to the typical landscaping and fencing. The reduced setback is only for the two-story buildings. The proposed setbacks are compatible to the surrounding area projects.
- A waiver from Section 38-1234(2)(b) is requested to allow a minimum setback of ten (10) feet for two-story accessory buildings along the west boundary of the PD, in lieu of fifty (50) feet.
Justification: There are five (5) proposed detached accessory buildings located along the perimeter of the PD. Each accessory building is proposed to include windows and will provide building massing along Boggy Creek Road in addition to the typical landscaping and fencing. The reduced setback is only for the two-story buildings. The proposed setbacks are compatible to the surrounding area projects.
- A waiver from Section 38-1258(4) is requested for all boundaries of the PD to allow multi-family buildings located ten (10) feet from single-family zoned property, in lieu of being restricted to single story in height.
Justification: Although the subject property is not adjacent to single-family zoned property, single-family development can occur along all boundaries of the subject property. The PD is in the north is approved with a maximum multi-family building height of forty-five (45) feet and a hotel building height of seventy-five (75) feet. The proposed building height for this multi-family development is compatible to the surrounding area projects.

- A waiver from Section 38-1258(5) is requested for all boundaries of the PD to allow multi-family buildings located one hundred and two (102) feet from single-family zoned property to have a maximum building height of four (4) stories (forty (40) feet) in lieu of being restricted to single story in height.
Justification: Although the subject property is not adjacent to single-family zoned property, single-family development can occur along all boundaries of the PD. The PD is in the north is approved with a maximum building height of seventy-five (75) feet for non-residential buildings on the parcel abutting the northern boundary of the subject property. The proposed building height will be compatible to the surrounding area projects.
- A waiver from Section 38-1258(6) is requested for all boundaries of the PD to allow multi-family buildings located one hundred and two (102) feet from single-family zoned property to have a maximum building height of four (4) stories (forty (40) feet) in height, in lieu of not being to exceed three (3) stories (forty (40) feet) in height within 150 feet of single-family zoned property.
Justification: Although the subject property is not adjacent to single-family zoned property, single-family development can occur along all boundaries of the PD. The PD is in the north is approved with a maximum building height of seventy-five (75) feet for non-residential buildings on the parcel abutting the northern boundary of the subject property. The proposed building height will be compatible to the surrounding area projects.
- A waiver from Section 38-1258(7) is requested to allow for multi-family buildings to be four (4) stories or sixty (60) feet in height in lieu of three (3) stories or forty (40) feet.
Justification: The previous PD approval had a maximum building height of fifty (50) feet and this request is for a maximum building height of seventy-five (75) feet. Additionally, the adjacent Typen Ranch PD was approved with waivers for a maximum building height of seventy-five (75) feet. The PD is in the north is approved with the surrounding PD approvals.
- A waiver from Section 38-1258(8) is requested to allow for parking and other paved areas for multi-family development to be located at least ten (10) feet from any single-family zoned property with no increase buffer, in lieu of twenty-five (25) feet and Typen Ranch PD approval.
Justification: Five (5) two-story accessory buildings and two (2) two-story multi-family buildings are proposed within ten (10) feet of the PD boundary.
- A waiver from Section 38-1258(9) is requested for all boundaries of the PD to allow for a minimum building separation of twenty (20) feet between all multi-family buildings where doors, windows or other openings in the wall of a building unit build up to a wall of another building with doors, windows or other openings, in lieu of providing thirty (30) feet for two-story buildings and forty (40) feet for buildings three (3) stories.
Justification: Detached accessory buildings are being proposed in certain areas of the development that may contain windows for aesthetic purposes, and may be located closer than thirty (30) feet to other buildings.
