SUBJECT: May 19, 2020 – Consent Agenda
Confirmation of the receipt of the CARES Act Provider Relief
Fund in the amount of \$349,653.95 and agreement to the terms
and conditions of the payment

Recently, all facilities and providers that received Medicare fee-for-services (FFS) reimbursements in 2019 were eligible for the CARES Act Provider Relief Fund.

The Federal government is providing support to healthcare providers fighting the COVID-19 pandemic. On March 27, 2020, the President signed the bipartisan CARES Act that provides \$100 billion in relief funds to hospitals and other healthcare providers on the front lines of the coronavirus response. This funding is to support healthcare-related expenses or lost revenue attributable to COVID-19 and to ensure uninsured Americans can get testing and treatment for COVID-19.

Orange County Fire Rescue, as a Medicare FFS provider in 2019, received a payment of \$349,653.95 on April 17, 2020, from the CARES Act Provider Relief Fund, to prevent, prepare for, and respond to coronavirus for healthcare-related expenditures.

In order to accept the funds, Orange County must confirm the receipt of the funds and agree to the terms and conditions of the payment.

Action Requested: Confirmation of the receipt of the CARES Act Provider Relief Fund in the amount of \$349,653.95 and agreement to the terms and conditions of the payment.

CARES Act Provider Relief Fund

UPDATE: The CARES Act Provider Relief Fund Payment Attestation Portal  is now open. Providers who have been allocated a payment from the initial \$30 billion general distribution must sign an attestation confirming receipt of the funds and agree to the terms and conditions within 30 days of payment.

President Trump is providing support to healthcare providers fighting the COVID-19 pandemic. On March 27, 2020, the President signed the bipartisan CARES Act that provides \$100 billion in relief funds to hospitals and other healthcare providers on the front lines of the coronavirus response. This funding will be used to support healthcare-related expenses or lost revenue attributable to COVID-19 and to ensure uninsured Americans can get testing and treatment for COVID-19.

Immediate infusion of \$30 billion into healthcare system

Recognizing the importance of delivering funds in a fast and transparent manner, \$30 billion is being distributed immediately – with payments arriving via direct deposit beginning April 10, 2020 – to eligible providers throughout the American healthcare system. **These are payments, not loans, to healthcare providers, and will not need to be repaid.**

Who is eligible for initial \$30 billion

- All facilities and providers that received Medicare fee-for-service (FFS) reimbursements in 2019 are eligible for this initial rapid distribution.
- Payments to practices that are part of larger medical groups will be sent to the group's central billing office.
 - All relief payments are made to the billing organization according to its Taxpayer Identification Number (TIN).
- As a condition to receiving these funds, providers must agree not to seek collection of out-of-pocket payments from a COVID-19 patient that are greater than what the patient would have otherwise been required to pay if the care had been provided by an in-network provider.
- This quick dispersal of funds will provide relief to both providers in areas heavily impacted by the COVID-19 pandemic and those providers who are struggling to keep their doors open due to healthy patients delaying care and cancelled elective services.
- If you ceased operation as a result of the COVID-19 pandemic, you are still eligible to receive funds so long as you provided diagnoses, testing, or care for individuals with possible or actual cases of COVID-19. Care does not have to be specific to treating COVID-19. HHS broadly views every patient as a possible case of COVID-19.

How are payment distributions determined

- Providers will be distributed a portion of the initial \$30 billion based on their share of total Medicare FFS reimbursements in 2019. Total FFS payments were approximately \$484 billion in 2019.

- A provider can estimate their payment by dividing their 2019 Medicare FFS (not including Medicare Advantage) payments they received by \$484,000,000,000, and multiply that ratio by \$30,000,000,000. Providers can obtain their 2019 Medicare FFS billings from their organization's revenue management system.
- As an example: A community hospital billed Medicare FFS \$121 million in 2019. To determine how much they would receive, use this equation:
 - $\$121,000,000 / \$484,000,000,000 \times \$30,000,000,000 = \$7,500,000$

What to do if you are an eligible provider

- HHS has partnered with UnitedHealth Group (UHG) to provide rapid payment to providers eligible for the distribution of the initial \$30 billion in funds.
- Providers will be paid via Automated Clearing House account information on file with UHG or the Centers for Medicare & Medicaid Services (CMS).
 - The automatic payments will come to providers via Optum Bank with "HHSPAYMENT" as the payment description.
 - Providers who normally receive a paper check for reimbursement from CMS, will receive a paper check in the mail for this payment as well, within the next few weeks.
- Within 30 days of receiving the payment, providers must sign an attestation confirming receipt of the funds and agreeing to the terms and conditions of payment. [Click here to sign the attestation and accept the Terms and Conditions](#) .
- HHS' payment of this initial tranche of funds is conditioned on the healthcare provider's acceptance of the [Terms and Conditions - PDF](#), which acceptance must occur within 30 days of receipt of payment. Not returning the payment within 30 days of receipt will be viewed as acceptance of the Terms and Conditions, the provider must do the following: contact HHS within 30 days of receipt of payment and then remit the full payment to HHS as instructed. The [CARES Act Provider Relief Fund Payment Attestation Portal](#)  will guide providers through the attestation process to accept or reject the funds.

Is this different than the CMS Accelerated and Advance Payment Program?

Yes. The CMS Accelerated and Advance Payment Program has delivered billions of dollars to healthcare providers to help ensure providers and suppliers have the resources needed to combat the pandemic. The CMS accelerated and advance payments are a loan that providers must pay back. [Read more information from CMS](#).

How this applies to different types of providers

All relief payments are being made to providers and according to their tax identification number (TIN). For example:

- *Large Organizations and Health Systems:* Large Organizations will receive relief payments for each of their billing TINs that bill Medicare. Each organization should look to the part of their

organization that bills Medicare to identify details on Medicare payments for 2019 or to identify the accounts where they should expect relief payments.

- *Employed Physicians:* Employed physicians should not expect to receive an individual payment directly. The employer organization will receive the relief payment as the billing organization.
- *Physicians in a Group Practice:* Individual physicians and providers in a group practice are unlikely to receive individual payments directly, as the group practice will receive the relief fund payment as the billing organization. Providers should look to the part of their organization that bills Medicare to identify details on Medicare payments for 2019 or to identify the accounts where they should expect relief payments.
- *Solo Practitioners:* Solo practitioners who bill Medicare will receive a payment under the TIN used to bill Medicare.

Priorities for the remaining \$70 billion

The Administration is working rapidly on targeted distributions that will focus on providers in areas particularly impacted by the COVID-19 outbreak, rural providers, providers of services with lower shares of Medicare reimbursement or who predominantly serve the Medicaid population, and providers requesting reimbursement for the treatment of uninsured Americans.

Ensuring Americans are not surprised by bills for COVID-19 medical expenses

The Trump Administration is committed to ensuring that Americans are protected against financial obstacles that might prevent them from getting the testing and treatment they need from COVID-19.

- As announced in early April, a portion of the \$100 billion Provider Relief Fund will be used to reimburse healthcare providers, at Medicare rates, for COVID-related treatment of the uninsured.
 - As a condition, providers are obligated to abstain from "balance billing" any patient for COVID-related treatment.
- The Families First Coronavirus Response Act requires private insurers to cover an insurance plan member's cost-sharing payments for COVID-19 testing.
- President Trump has also secured commitments from private insurers, including Humana, Cigna, UnitedHealth Group, and the Blue Cross Blue Shield system to waive cost-sharing payments for treatment related to COVID-19 for plan members.

Relief Fund Payment Terms and Conditions

- The Payment means the funds received from the Public Health and Social Services Emergency Fund (“Relief Fund”). The Recipient means the healthcare provider, whether an individual or an entity, receiving the Payment.
- The Recipient certifies that it billed Medicare in 2019; provides or provided after January 31, 2020 diagnoses, testing, or care for individuals with possible or actual cases of COVID-19; is not currently terminated from participation in Medicare; is not currently excluded from participation in Medicare, Medicaid, and other Federal health care programs; and does not currently have Medicare billing privileges revoked.
- The Recipient certifies that the Payment will only be used to prevent, prepare for, and respond to coronavirus, and shall reimburse the Recipient only for health care related expenses or lost revenues that are attributable to coronavirus.
- The Recipient certifies that it will not use the Payment to reimburse expenses or losses that have been reimbursed from other sources or that other sources are obligated to reimburse.
- The Recipient shall submit reports as the Secretary determines are needed to ensure compliance with conditions that are imposed on this Payment, and such reports shall be in such form, with such content, as specified by the Secretary in future program instructions directed to all Recipients.
- Not later than 10 days after the end of each calendar quarter, any Recipient that is an entity receiving more than \$150,000 total in funds under the Coronavirus Aid, Relief, and Economics Security Act (P.L. 116-136), the Coronavirus Preparedness and Response Supplemental Appropriations Act (P.L. 116-123), the Families First Coronavirus Response Act (P.L. 116-127), or any other Act primarily making appropriations for the coronavirus response and related activities, shall submit to the Secretary and the Pandemic Response Accountability Committee a report. This report shall contain: the total amount of funds received from HHS under one of the foregoing enumerated Acts; the amount of funds received that were expended or obligated for reach project or activity; a detailed list of all projects or activities for which large covered funds were expended or obligated, including: the name and description of the project or activity, and the estimated number of jobs created or retained by the project or activity, where applicable; and detailed information on any level of sub-contracts or subgrants awarded by the covered recipient or its subcontractors or subgrantees, to include the data elements required to comply with the Federal Funding Accountability and Transparency Act of 2006 allowing aggregate reporting on awards below \$50,000 or to individuals, as prescribed by the Director of the Office of Management and Budget.
- The Recipient shall maintain appropriate records and cost documentation including, as applicable, documentation required by 45 CFR § 75.302 – Financial management and 45 CFR § 75.361 through 75.365 – Record Retention and Access, and other information required by future program instructions to substantiate the reimbursement of costs under

DEPARTMENT OF HEALTH & HUMAN SERVICES

this award. The Recipient shall promptly submit copies of such records and cost documentation upon the request of the Secretary, and Recipient agrees to fully cooperate in all audits the Secretary, Inspector General, or Pandemic Response Accountability Committee conducts to ensure compliance with these Terms and Conditions.

- The Secretary has concluded that the COVID-19 public health emergency has caused many healthcare providers to have capacity constraints. As a result, patients that would ordinarily be able to choose to receive all care from in-network healthcare providers may no longer be able to receive such care in-network. Accordingly, for all care for a possible or actual case of COVID-19, Recipient certifies that it will not seek to collect from the patient out-of-pocket expenses in an amount greater than what the patient would have otherwise been required to pay if the care had been provided by an in-network Recipient.
