Location Map - Wetlands

 Wetlands

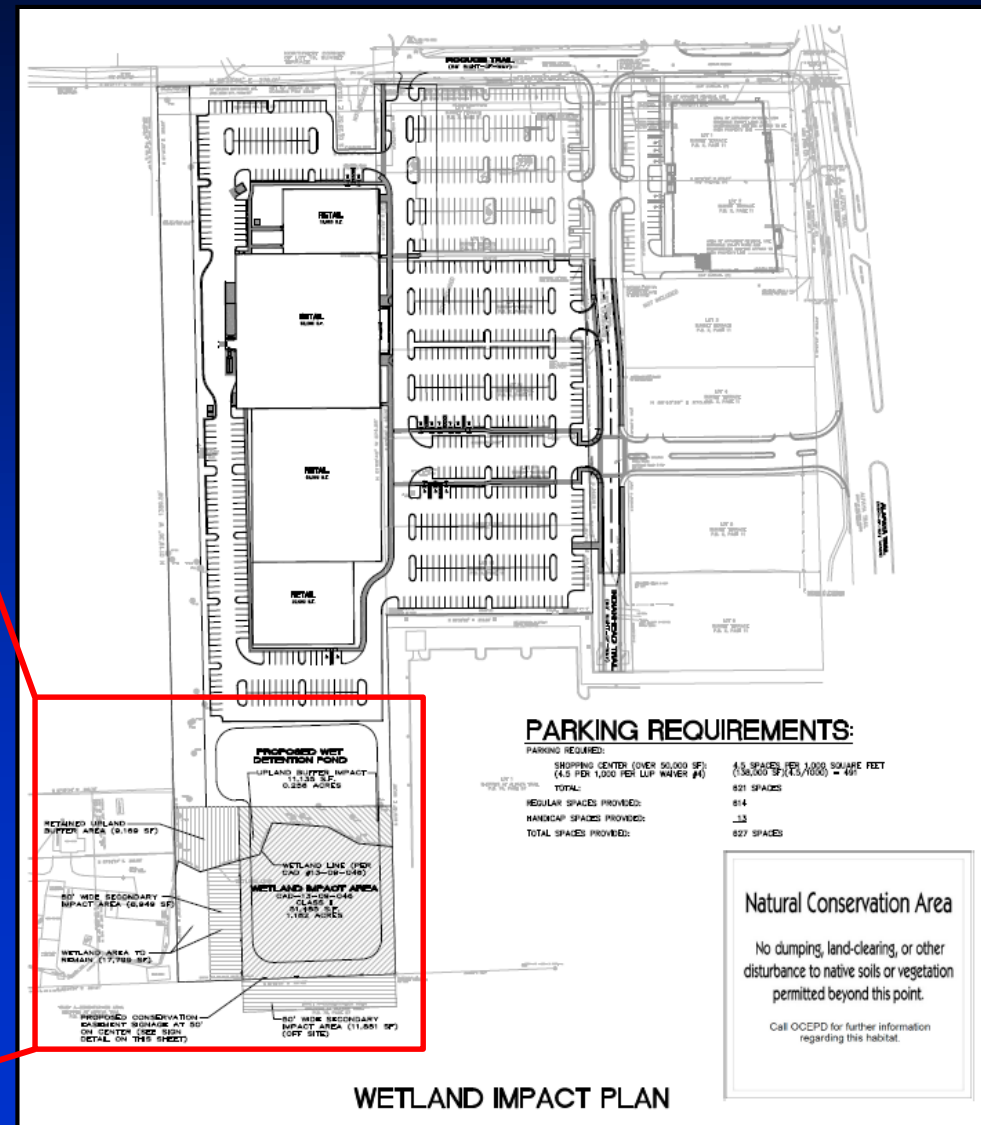

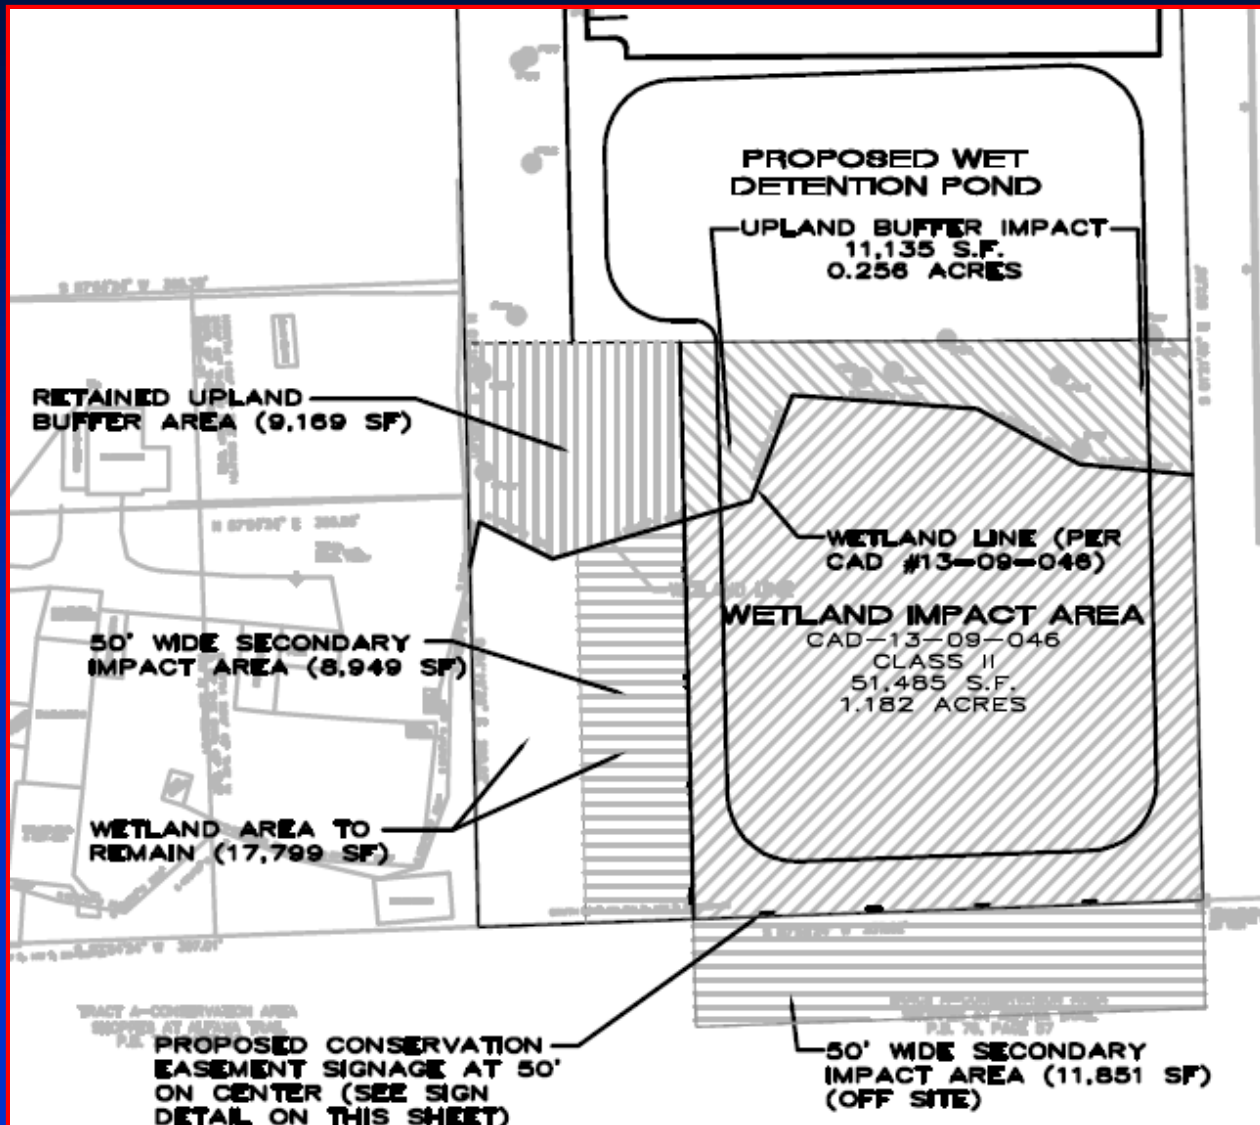

Current Conditions

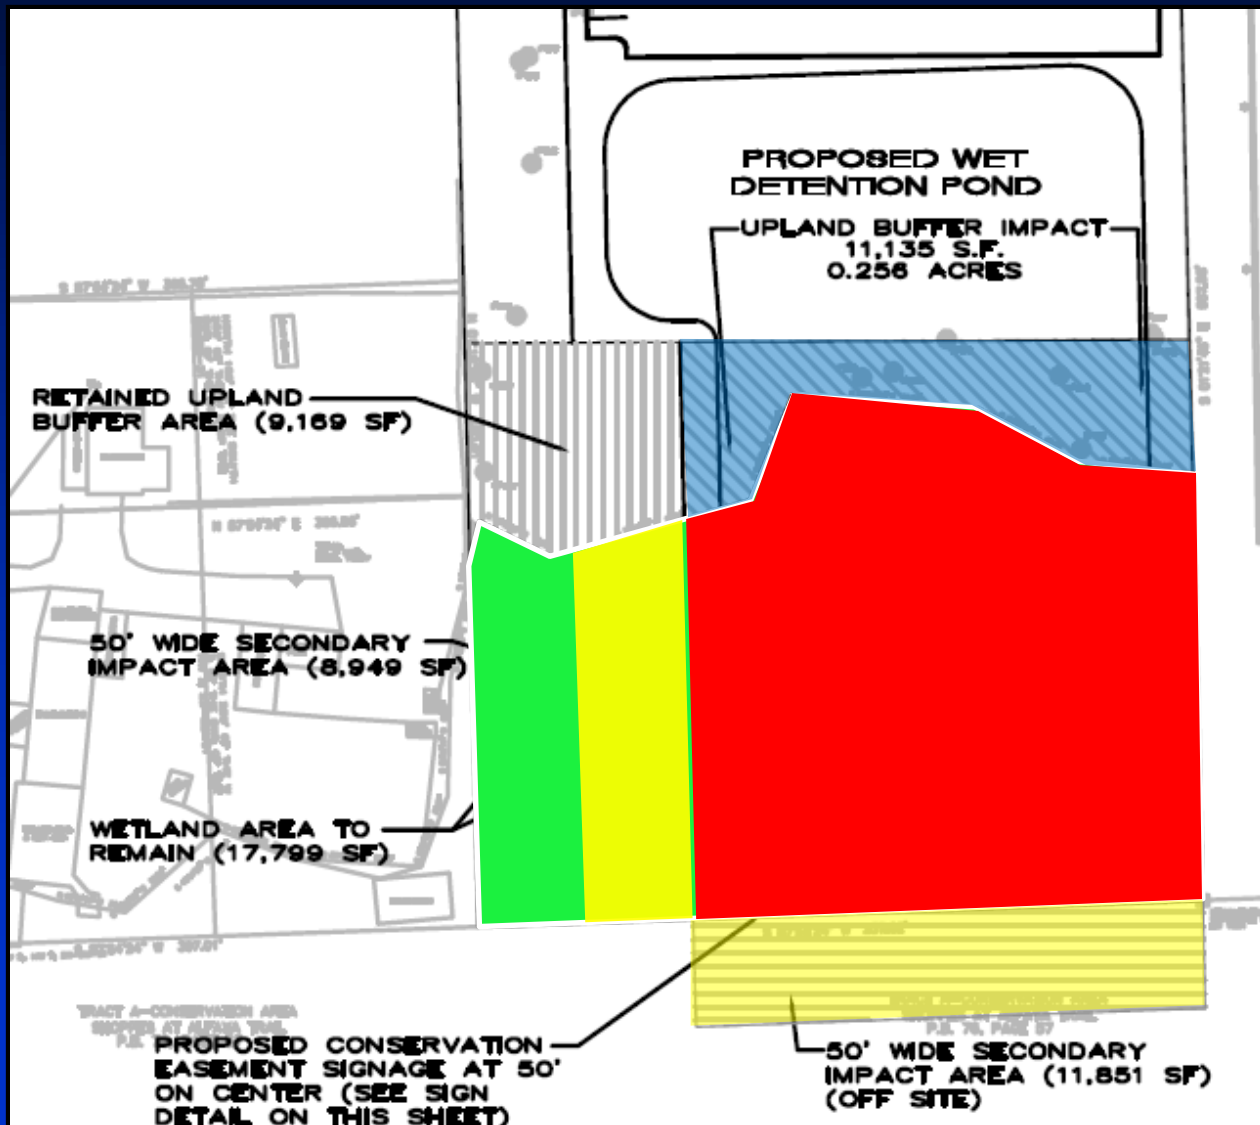

Site Plan

Site Plan

1.59 acres of Class II wetlands

1.18 acres of Class II wetland impacts

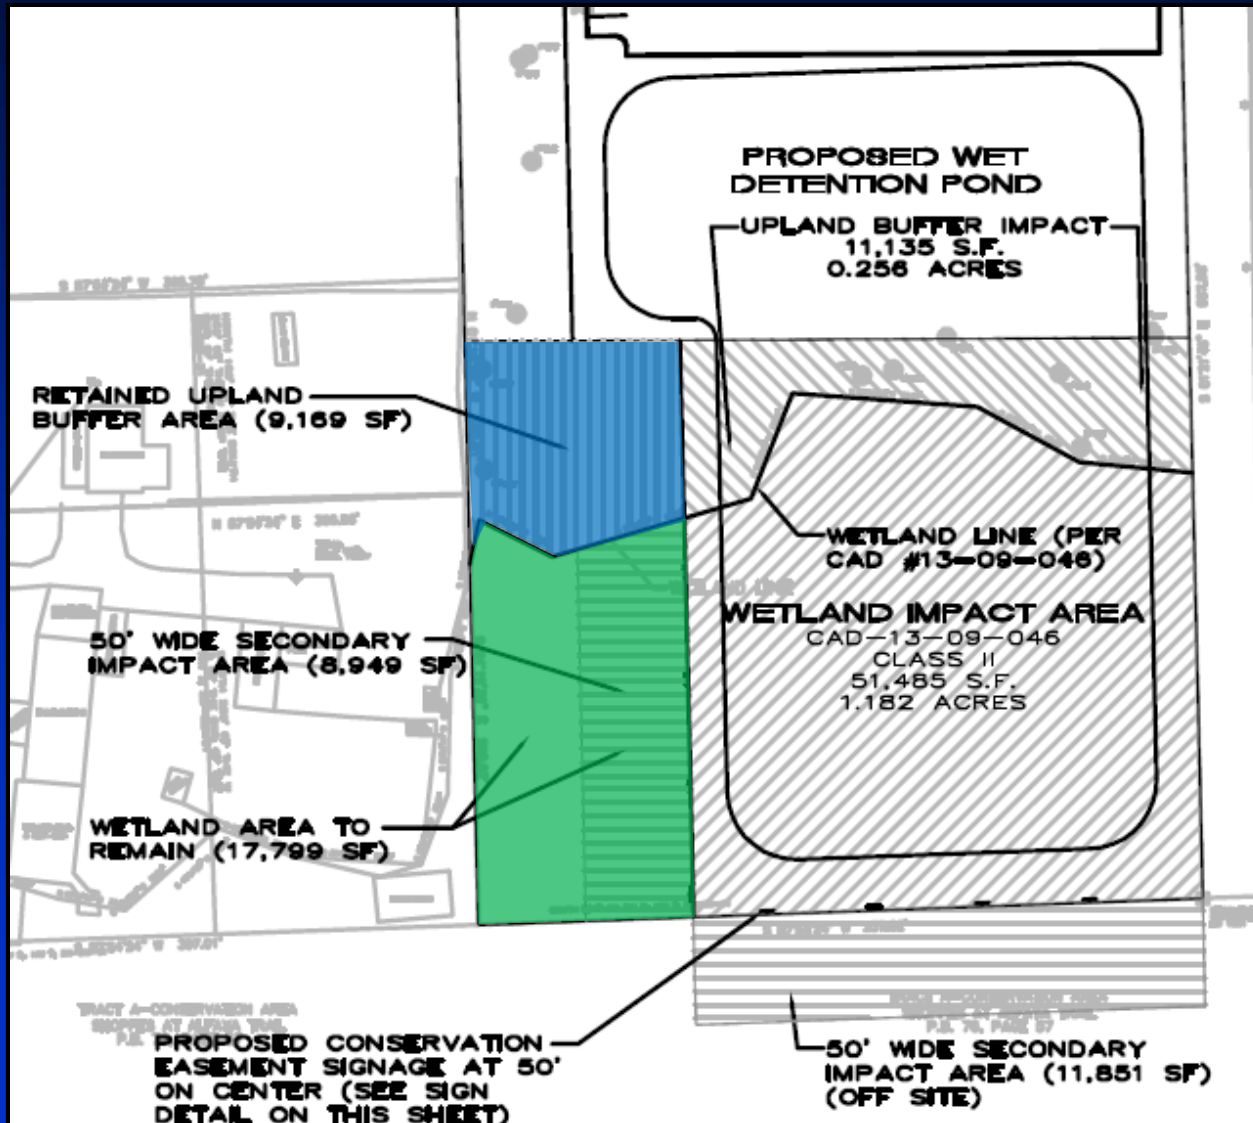

0.26 acre of upland buffer impacts

0.48 acre of secondary wetland impacts

Site Plan

0.41 acre of Class II wetland to remain

0.21 acre of upland buffer to remain

Mitigation

- The proposed mitigation plan includes the purchase of 0.92 credits from the TM-Econ Mitigation Bank, Phases 1-3.
- In addition, conservation area signage will be placed along the remaining onsite wetland and upland buffer.

Review Criteria

- **Chapter 15, Article X:**

- **Sec. 15-362(5) states: Where wetlands serve a significant and productive environmental function . . . any alteration or development affecting such lands should be so designed and regulated so as to minimize or eliminate any impact upon the beneficial environmental productivity of such lands, consistent with the development rights of property owners.**

Review Criteria

- **Chapter 15, Article XI: Econlockhatchee River Protection**
 - **Sec. 15-442(a) states: A survey of those species designated as endangered, threatened or species of special concern...shall be required as part of all development applications where there is reasonable expectation, based upon the range and habitat requirements of these species, that such species utilize any habitat within the boundaries of the Econ River Basin which is the subject of the development application...**
 - **Sec. 15-442(f) states: Upland buffers averaging fifty (50) feet in width with a minimum of twenty-five (25) feet in width shall be required for class I and II conservation areas....**

Finding

- EPD has evaluated the CAI permit application and required documentation and has made a finding that the request is consistent with Orange County Code, Chapter 15, Article X, Wetland Conservation Areas Ordinance and Article XI, Econlockhatchee River Protection Ordinance and recommends approval.

Action Requested

- **Acceptance of the findings and recommendation of Environmental Protection Division staff and approval of Conservation Area Impact Permit CAI-19-02-012 for Bluerock Development, LLC, Waterford Oaks Project. District 4**

Potential Joint Use Stormwater Pond

- The southern portion of the project area abuts a commercial development known as the Shoppes at Alafaya (Shoppes) that was approved for a permit modification in January 2020 to expand.
- The Shoppes expansion includes an oversized stormwater pond capable of retaining all stormwater from Shoppes, and potentially the stormwater from the Waterford Oaks project site.
- The two property owners have had discussions with County staff to coordinate utilization of the joint-use pond.
- In the event the joint-use stormwater pond is constructed and available on the Shoppes project prior to the wetland impacts occurring on the Waterford Oaks project, the applicant will be required by a permit condition to connect to that stormwater pond and not impact the wetlands associated with this CAI permit application.

Actions Requested

- **Make a finding of consistency with the Comprehensive Plan (CP) and approve the substantial change to the Waterford Oaks Planned Development / Land Use Plan (PD/LUP) dated “Received February 27, 2020”, subject to the conditions listed under the DRC Recommendation in the Staff Report, with the addition of new COA #9 and the renumbering of staff report COAs #9 - #11, as presented.**
- **Acceptance of the findings and recommendation of Environmental Protection Division staff and approval of Conservation Area Impact Permit CAI-19-02-012 for Bluerock Development, LLC, Waterford Oaks Project.**
