PUBLIC MEETING NOTICE CFX PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY STATE ROAD 414 (JOHN LAND APOPKA EXPRESSWAY) EXTENSION CFX PROJECT NUMBER 414-227
 The Central Florida Expressway Authority (CFX) is holding an Alternatives Public Workshop for the Project Development and Environment (PD&E) study for the proposed State Road 414 (John Land Apopka Expressway) Extension.
 This virtual public meeting will take place on Wednesday, February 10, 2021, from 6 p.m. to 7:30 p.m. Please pre-register by visiting <http://bit.ly/SR414FPWFeb2021>. This link is case sensitive. Meeting attendees will view a presentation about the study and will be able to make comments and ask the study team questions.
 The SR 414 Expressway Extension PD&E Study is evaluating alternatives for a proposed elevated, limited-access facility within the existing median of SR 414 (Maitland Boulevard). The project will extend the existing tolled SR 414 from its current eastern end at US 441 (Orange Blossom Trail) to SR 434 (Forest City Road), in Orange and Seminole counties. The study will determine whether this elevated extension of the expressway is viable and fundable in accordance with CFX policies and procedures.
 The proposed 2.3-mile project will provide a direct connection between the eastern end of SR 414 (John Land Apopka Expressway) and Interstate 4 (I-4). Project alternatives will involve various configurations of elevated, limited-access toll lanes on SR 414 to provide needed capacity between US 441 and SR 434, while maintaining the existing local access lanes.
 All factors related to the location and design of the facility are being considered, including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis, and right-of-way requirements. Public involvement and interagency coordination are an integral part of the assessment process, and multiple opportunities for participation are being provided.
 Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services, free of charge, should contact Ms. Putnam as noted above at least seven (7) days prior to the meeting.
 More information can be found at the study web page or by contacting Kathy Putnam, Public Involvement Coordinator, by phone at 407-862-5210, or by email at ProjectsStudies@CFXway.com.
